Dear Alicia,

How is your beautiful weather?  
It is shirt-sleeve weather here.  
And I am glad to be here now.  
I do miss the rat and such, but  
not your weather.

I am working and trying to  
save for school. I plan on  
correspondence courses this semester  
and summer school in Madison.  
I can't decide on whether to finish  
here or at Madison. I like both  
places. Haven't gotten too Fries  
yet, hope to in Feb. What doing  
on campus? Anything political?  
A South African Freedom Action  
Comm. is starting here to do work  
on the apartheid horror of S. Africa.

Anyone at Madison interested in coordinating activities on this subject - maybe demonstrations on the same day, etc. Let me know what you think. What are your plans for Easter? Coming out this way? I'd like to come back for Easter, but probably not until June. Write when time permits.

Sincerely,  
Bob
