DEAR BRUCE -

GEE I'm glad you wrote! I WAS beginning to WORRY about you.

PLEASE keep in touch from Mississippi - I WANT to know from time to time that you ARE still around giving them white folks hell -

Josh is fine - he's been enjoying your books - He says hi - & to get things ready for his June Raid -

Yes - I've heard from the phone Co. - They hassled me about a call I NEVER got from BERKLEY OR something - Something about someone who makes calls ON a non-existent credit card - Oh well - we both know the phone Co's all "fucked" up -

BRUN CORE & N.UAC & hopefully in time other "C.R." groups are opening Freedom Houses - ONE in Venice Ghetto, ONE in Central - aim - Getting "the community turned on & working for itself. Venice #1 project - police - central #1 project - U.D.K. - WE hope to turn OR places into centers for numerous projects - meeting films & speakers - librarys - etc - we hope to eventually turn them over to the Ghetto itself. WE feel that this may be the answer to organizing L.A. & C.R.

I go to Court the 28<sup>th</sup> - Yeah! BERKLEY -  
Love to you from Lisa - Freedom Now -

L.
