Dear Miss Kaplow,

I have been working in Issaquena County every since November and every since then I have been supporting myself and living of other people, but now I can't suport myself any more.

I am a volunteer and is not on sncc staff and is not on core staff and is working full time out of Issaquena and Sharkey County project and now I am in a very need of money to take care of some small needs.

My home address is P.O. Box 56, Mayersville, Mississippi, I am 23 years of age and I am male and of Negro race I finish high school in 1959 (Henry Weathers High school) in Rolling Fork, Mississippi and I went to Louisiana Jr College for two years in Clarksdale, Miss. and

then I went to Mississippi Vocational College and spent one year before I quit in May in 1963.

I work on voter registration here in the two counties, I sometimes work in Freedom Schools.

We have filed a suite against the Sharkey + Issaquena counties school boards and it is in court now.

We also have filed a suite against the registrar in Issaquena County.

We had a Freedom Day on April 6, 1965, in both counties, people turn out in masses.

I got notice that the Atlanta office had wrote you a letter a while ago and I haven't got a letter or anything from you as of yet and I was wondering if you could support one volunteer I am that person.

So I will be looking to hear from you soon.

For Freedom,

Eugene (Dean) Hite

P.S. The office say you could send \$1000 dollars a week.
