Dear Lois:

How are you? and how are things going?

We are quite busy here trying to "fight sin" and get ready for the summer. Septima Clark tells me that the people who helped with planning the orientation and curriculum for last year's summer project sent you a proposal or a curriculum guide or something (smile)

Can you send it to me along with whatever else you have that may be useful in the SCOPE project. Take care.

Sincerely,

Annell
