[PM MAY 1, 1965]

Dear Alicia,

I am writing to let you know that I wrote you some time ago about some support and I haven't gotten any answer from you and if you have answered my letter I haven't gotten it.

I need help very bad and if you could do something I will thank you very much.

We are now working to start a Mississippi Labor Union State wide especially in the Delta. The Union is centered around the people who chop cotton and drive the tractor. we are in

the first stage and some people
are talking about a strike.

If you have written to me I
think you should check the post
office and see what's happening.
I will be looking forward
to hear from you soon.

Yours for Freedom,
Eugene Hite
