Dear Lynne:

Glad to hear you all can use the Primers down there. I've enclosed the 3 copies which you requested. I've also sent the 3 copies to the Canton office c/o Rims (no, Rims) Barber.

I'd appreciate it if you could write me just a note about the reactions of the kids to the books.... what they like and don't like about them. In about a month we hope to come out with a second edition which will expand the chapter on the modern movement. If you or any of the kids have any suggestions for the revised edition, please let me know, we're very open to suggestions.

The adults in the projects also seem very interested in the Primers so if they have any suggestions, too, send them along.

Lots of luck with the new project. Will check into the literacy programs, I guess Mary Vareia would be the best person for that and she's at Tougaloo now. Don't know at the moment of any new school programs, but will let you know of them if they do occur.
