Spring 1965

dear katny,

i know i'm a shit, but here are some freedom trains. news in brief: Ashland cafes were successfully integrated on Mon. and Tues. St. Josephs church in Marshall county was burned down Monday nite--Ash is trying to put the blame on Hardy for the burning because no churches burned down until he came back. Rev. Beard's mortgage is being foreclosed--he lost all of his jobs because of us, and now we can't help him--know where we can come up with \$900 quick? Tony Farese is the scheming rat behind all this. Highway patrol in DeSoto stopped me and James yesterday and told us not to travel thru at night because they could not protect us. I don't know why the sudden upsurge of shit unless because its the FDP challenge and also the school desegregation pledge of March 1.

must run

love,

Quiva
