Dear Elizabeth,

Thanks very much for the use of the list. If I come up with any new addresses will let you know. As soon as they get some more money I'm going to try and talk them into documenting specific events--- i.e: what happened in Atlantic City etc.

Will be in touch

Alicia

P.S. I won't even bother asking the Atlanta office - knowing their level of organization - but do you think, except by hearing, there is anyway of locating X-staff members?

Alicia -- I don't know about finding ex-staff members. Atlanta was going to organize some sort of ~~gettin~~ keep-in-touch program but didn't really do it. I understand Julian Bond has kept a lot of applications (to work for SNCC) from people way back. In this office, we have a list of former SNCC staff now living in N.Y. I think you'll just have to ask for particular individuals and let us do the best we can.
