Senatobia, Mississippi.

Dear Miss Kaplan

We're writing to you at a time of desperation. We are in great need of financial help here in Senatobia. So far we have been quite fortunate. People have allowed us to sleep on their floors of their homes, and also has made it possible for us to eat from time to time, but, as you know, people can just do this for so long since they are living in such bad conditions themselves. So we're appealing to you as Friends of S. N. C. C. to try and help us. All worthy suggestions and contributions will be appreciated.

Sincerely, Your
S. N. C. C. Project Workers
Senatobia, Mississippi

P.S. Our address, at where we pick our mail up is on the other side (over)
