Dear Mr. Fox;

I remember your telling me once that you get most of your stuff from people who have participated in some movement or another and have saved some records. I was involved in SNCC on campus in 1965 and visited Greenwood, Mississippi briefly during summer 1964. Here are the papers I saved from this time---they are of no further use to me but may help some scholar of the future to understand what things were like in those days. It's strange---all this happened less than five years ago, yet times have changed so very much that these pamphlets, papers, etc seem as out of date as the 1897 Sears Roebuck Catalogue.

My best wishes for the new year.

Yours very truly,

Dear Mr. Cassidy:

Thank you for sending the material you saved from 1964-65 experience. I will turn the contents of the envelope over to the library.

Do you have any correspondence relating to your experiences with SNCC, or Greenwood, Mississippi? If you have any at all, it would be a welcome addition to this printed material and would be equally important to historians.

Thank you again for thinking of us and I hope we hear from you again.

Best wishes for the New Year.

Sincerely,

Thurman Fox  
Museum Director
