¹ Asylum decisions subsequent to Department of Homeland Security referrals following a credible fear interview in completed removal, deportation, exclusion proceedings (initial case completions only) or in proceedings that have been administratively closed.

² EOIR determined that creation of a “not adjudicated” code for applications would result in a more accurate description and render the “other” code unnecessary. In May 2019, EOIR deactivated the “other” code for applications.

³ Administrative closure decisions that have not been placed back on the docket (redocketing occurs after either party files a motion to recalendar).
