<sup>1</sup> Asylum rates for Fiscal Year 2024 (through March 31, 2024). Data generated on April 19, 2024.

<sup>2</sup> Asylum decisions subsequent to Department of Homeland Security referrals following a credible fear interview in completed removal, deportation, exclusion proceedings (initial case completions only) or in proceedings that have been administratively closed.

<sup>3</sup> EOIR determined that creation of a “not adjudicated” code for applications would result in a more accurate description and render the “other” code unnecessary. In May 2019, EOIR deactivated the “other” code for applications.

<sup>4</sup> Former Countries includes East Germany and the Soviet Union.

<sup>5</sup> This data represents immigration judges’ asylum application determinations for all individuals on an application(s). Where it is necessary to protect privacy interests, EOIR does not report numbers lower than four (denoted by an asterisk(\*)).
