

Rocky Mountain Network of Oral Health Provider and Staff Survey

Your healthcare practice is participating in the Rocky Mountain Network for Oral Health Integration (RoMoNOH) Project. The RoMoNOH project is funded by HRSA at the Maternal and Child Health Bureau.

You are receiving this survey invitation because you have been identified as a member of your practice's healthcare team who is participating in the RoMoNOH Project. During the summer of 2022, the RoMoNOH team sent your practice oral health promotion bags to help you promote the AAP's Brush Book Bed project and help caregivers/parents establish oral health goals on the behalf of their child.

The purpose of this survey is to evaluate the Brush Book Bed project. Your participation is voluntary. If you agree to participate in this survey, there will be no direct benefit to you. However, information gathered in this survey may further our understanding of the RoMoNOH project.

Thank you for taking the time to give thoughtful responses. Your responses will be kept confidential. By completing this survey, you are consenting to participate. You may opt out at any time. We will send you a gift card for completing this survey.

This evaluation was exempted by the Colorado Multiple Institutional Review Board Protocol 22-2478. Please contact Patricia Braun at patricia.braun@dhha.org with any questions or at 303-602-6429.

Please see the image below to familiarize yourself with the Brush Book Bed Oral Health Promotion Bags that RoMoNOH sent to your practice.
