

# San Marcos Growers Accessibility Statement

San Marcos Growers is a commercial wholesale nursery that does not sell to the public and is not a public place of accommodation. We are however committed to providing plant information that is accessible to all of our wholesale customers and others who might visit our website. We have worked hard to follow the standards used by the Federal government for technology accessibility for people with disabilities (Section 508), and the Web Content Accessibility Guidelines (WCAG) 2.0 developed by the World Wide Web Consortium (W3C) because we think it is the right thing to do. To this end we have added alt tags to all images, have increased font sizes and text contrast with backgrounds and made sure that links and content are accessible by use of the tab key on the keyboard.

For more information about the Federal standards, please visit the Section 508 web site <https://www.section508.gov/content/learn/standards> or the Federal Access Board web site <https://www.access-board.gov>. For more information about the WCAG 2.0 Standards, please visit their web site <https://www.w3.org/TR/WCAG20/>.

## **Contact Information**

If any file format prevents you from accessing information on our website, please contact us for assistance by any of the means noted below. In order to respond in a manner most helpful to you, please note the nature of your accessibility concern, the web page address of the requested material, and your email address so that we may best respond to your concern. We also welcome any questions about this accessibility statement, and comments on how to improve the site's accessibility.
