**SUBJECT: CAPITAL IMPROVEMENT PLAN, FY 2006-2007
STANISLAUS COUNTY PLANNING COMMISSION DETERMINATION OF
CONFORMANCE WITH THE GENERAL PLAN**

On December 21, 2006, the Stanislaus County Planning Commission considered the consistency of the Stanislaus County Preliminary Capital Improvement Plan for Fiscal Year 2006-2007 with the Stanislaus County General Plan.

The Commission:

1. Found that the proposed activities, projects, and acquisitions as described in the Capital Improvement Plan under the categories identified as "Approved/Funded", "Pending Implementation", "Future Project Master Planned", and "Future Project-Pending Analysis" are consistent with various goals, policies and implementation measures as defined in the General Plan, and therefore are in conformance with the General Plan as a whole;
2. Found that acquisitions of all equipment, easements, properties, or rights-of-way necessary for implementation of the projects identified in the CIP would, by the direct relationship to the projects as described, were also considered to be consistent with the General Plan; and
3. Directed staff to forward the analysis report and Commission findings to the Stanislaus County Board of Supervisors.

Pursuant to those directions, attached for your use is a copy of the General Plan Consistency Analysis prepared by the Department of Planning and Community Development dated December 21, 2006.

Please call Ron Freitas or Kirk Ford at 525-6330 if you have any questions.

**Stanislaus County
Final Capital Improvement Plan
Fiscal Year 2006-2007**

INTRODUCTION AND SUMMARY

INTRODUCTION

The County's Final Capital Improvement Plan for Fiscal Year 2006 -2007 identifies 287 capital improvement projects over the next twenty (20) years. County department heads and CEO staff have collected and updated relevant information pertaining to the capital improvement needs of the County. Those needs total \$1,243,168,647 in estimated total project costs, with \$928,947,795 being the portion of the estimated project costs that would be the responsibility of Stanislaus County.

This document provides a listing of the Final Capital Improvement Plan projects for Fiscal Year 2006-2007 and is being returned to the Board of Supervisors for final approval. The preliminary Capital Improvement Plan was presented to the Board of Supervisors for their consideration on October 17, 2006. Pursuant to California Government Code §65401, it was subsequently presented to the Planning Department for evaluation relative to consistency with the County's General Plan in accordance with the California Environmental Quality Act (CEQA). On December 21, 2006, the Planning Department presented the CIP to the Planning Commission for their consideration. The Planning Commission found the County Capital Improvement Plan consistent with the General Plan and recommended approval to the Board of Supervisors.

Based on budgetary issues, space needs, community expectations and general direction from the Board, some of the capital project priorities at this time are as follows:

- ◆ Long term and short term Health Care Facilities needs;
- ◆ Public Safety Master Plan;
- ◆ Library Master Plan;
- ◆ County Roads;
- ◆ Empire Pool;
- ◆ Animal Shelter; and
- ◆ Coroner's Facility.

Board adoption of a Capital Improvement Plan does not provide approval or funding for individual projects in the CIP. Each defined project requires its own implementation and financing plan and environmental impact findings.

Definition of the Capital Improvement Plan

The Final Capital Improvement Plan (CIP) provides a forecast of capital investment needs and requests for Stanislaus County over then next twenty (20) years. The Final CIP is a listing of project needs that have been identified generally requiring a one-time investment of public funds for acquisition, replacement or development of new equipment or facilities exceeding one

hundred thousand dollars (\$100,000) in value. This listing of projects a guideline for the prioritization and budgeting for project initiatives in accordance with the Board's priorities.

The Board of Supervisors last approved the preliminary list of CIP projects with the Stanislaus County Final Budget on September 17, 2002 for Fiscal Year 2002-2003. Since that time, new projects have been requested and some of the projects adopted by the Board of Supervisors have been modified by estimated cost, implementation schedule, funding source and/or a change in priority. Those projects that have been completed have been removed from the list. Also, changing priorities and funding opportunities have resulted in the removal of some previously planned projects.

The Capital Improvement Plan serves multiple purposes and numerous users. Perhaps the single most important purpose is to outline the County's planned capital project needs in priority order. However, the plan also serves:

- ◆ As a capital expenditure forecasting tool for the purpose of anticipating long-term major capital costs over the next twenty (20) years;
- ◆ As a listing of projects eligible for funding with Public Facilities Fees, or Growth Impact Fees, pursuant to Stanislaus County Code Chapter 23, Section 23.05;
- ◆ As a guide for the Board's evaluation of project priorities; and
- ◆ As a verification that the long-range planning is consistent with the priorities of the Board of Supervisors.

This Final CIP is a dynamic planning document. Funding and other unique circumstances and opportunities may advance or delay any specific project's implementation. As a result, the projects requested in this plan are reviewed on an on-going basis and their status is updated depending on Board of Supervisors priorities and approval. Project information is updated as more accurate information is obtained. Projects that were listed in the last published Preliminary Capital Improvement Plan (for Fiscal Year 2002-2003) have been "carried over" into this project listing and updated. A summary of the requested changes to this plan for this document are provided later in this section of the report.

Inclusion of requested projects in the Final CIP is critical to Stanislaus County's ability to forecast scheduling and funding requirements for future capital projects. However, inclusion of a project in the Final Capital Improvement Plan does not provide specific approval by the Board of Supervisors of a project's plan, schedule, or funding.

The Collection and Use of Public Facility Fees

As a result of the significant impacts from new development, the State Legislature passed AB 1600, which set the rules for the imposition and administration of development impact fees. The law, which became effective in January 1989, requires local government to establish a nexus between the amount new development and the facilities required. The County and all nine cities in the County collect Public Facility Fees in order to mitigate the impact from new development. Revenue from public facility fee collection is allocated to those Capital Projects that are needed to accommodate population and employment expansion. The requirements for new facilities, equipment, vehicles, and roads are based on population and employment growth projected within Stanislaus County. Public Facility Fees cannot be more than the cost of the public facility

needed to accommodate growth and can only be used for intended purposes. The determination of the quantity of the above listed items to serve the forecasted population growth requires the adoption of standards. These standards establish the level of service for existing and future County infrastructure. Standards are stated in terms of space, services and/or use per capita. A per unit of cost is also used to calculate a correct public facility fee amount. New development cannot be held responsible for a higher standard than exists for the current population.

Definition of a Capital Project

A capital project is a one-time expense attributed to acquisition, remodel, construction, demolition, or improvement of real property. Examples of capital projects may include: new construction of buildings, roads, bridges and infrastructure, land acquisition, renovation or remodeling, and site development costs. Generally, to be included in the CIP, a project will have a cost exceeding \$100,000¹. Acquisition of vehicles, technology improvements, and equipment expenditures may be included as well. Also included in the Final CIP are requests for significant County contributions to projects of other agencies.

Routine maintenance and other recurring efforts are not capital projects. Painting, patching, pavement repairs, installation of new floorings, lighting, fences, and wiring are considered to be maintenance efforts, unless these tasks are associated with the renovation of a facility for a new use. However, requests for annual funding allocation is included in the CIP for specific deferred maintenance items and recurring, large cost road maintenance programs.

This Final CIP is a 20-year forecast of capital needs and requests. A project's actual implementation date may vary depending on the availability of funding and subsequent Board approval. Stanislaus County frequently applies for grant funding for projects that may otherwise be deferred because of insufficient funding. If a grant (or other funding) becomes available for a specific project application, the project may be accelerated and may be implemented sooner than the adopted schedule in the Final CIP project list indicates.

Project Categorization

Projects in the Final Capital Improvement Plan are divided into one of four categories:

- A) **“Approved/Funded” Projects** – Includes those requested projects that have either been approved by the Board or for which funding sources have been budgeted.

- B) **Projects “Pending Implementation”** – Includes those requested projects that were either included in the 2002-2003 Preliminary Capital Improvement Plan or have been discussed with, but not necessarily approved by, the Board of Supervisors and identified as a high priority need. These projects may be pending further review and approval by the Board and/or complete identification of funding.

¹ The dollar threshold for qualifying "capital improvement projects" was increased by State law on January 1, 2003 from \$75,000 to \$100,000. Stanislaus County policy continues to recognize a threshold of \$75,000 to define a capital improvement. To make this Final Capital Improvement Plan listing more useful as a planning tool, several projects under this threshold have been included for informational purposes.

- C) **“Future Project - Master Planned”** – Includes those projects that were adopted within a Board-approved master plan, but for which full funding has not been identified and/or further, specific review of the project has not been conducted by the Board of Supervisors.
- D) **“Future Project - Pending Analysis”** – Includes proposed projects awaiting further Board direction, further business case justification, or identification of potential funding sources.

Generally, those projects which have been specifically reviewed and approved by the Board of Supervisors, and for which funding has been approved, are those projects which are most likely to be implemented within the next one-to-two years. Larger projects, including major roads and building projects, may extend over several years as planning, design, environmental review and construction are completed. Every effort is made to include "whole" projects in this plan; although some projects may require phased implementation.

Upgrading a Project's Prioritization by Category

Several factors are considered in the recommended categorization of projects (including the Board's priorities). These factors are used to assess the potential for successful completion of the project and the relative importance of the project based on the priorities of the Board of Supervisors. The following questions for each project have been answered:

Appropriation of Funds

- ◆ Has total funding for the project been identified?
- ◆ Has funding for the project been reviewed and approved by the Board of Supervisors?
- ◆ Are General Funds required for this project?
- ◆ Is this project eligible for full or partial use of Public Facilities Fees (Public Facilities Fees) or "Growth Impact Fee" funding?
- ◆ Is this project's funding subject to award of grant or other private funds that have not yet been received?
- ◆ Are there specific "funding opportunities" for this project that influence the implementation schedule or cost?

Project Need and Review

- ◆ Is this project identified as part of a more comprehensive needs assessment or master plan that has been approved by the Board of Supervisors?
- ◆ Has the Board of Supervisors accepted other justification for the need of this project?
- ◆ Does this project require environmental review, and has such review been completed?
- ◆ Is this project currently underway? Does this project require completion of another project effort; or, conversely, does another project require completion of this effort?

The Final CIP project list includes the estimated investment cost for development of conceptual projects, but does not address the on-going operational (including staffing) and maintenance cost associated with the project. Resolution of these issues advances a project within the CIP timeline. Inclusion of a project in the Final CIP project list does not in and of itself constitute final project approval. Each project, or grouping of projects (like road projects), require a specific implementation and financing plan, possible CEQA review, and separate Board of Supervisors' approval. Project listed in Category D – “Future Project – Pending Analysis”, are frequently new requests for which a needs assessment or feasibility study will be conducted or for which financing has not yet been identified.

Within each category, requested projects have been grouped by Board of Supervisors' priority goals. A summary of requested projects included in Fiscal Year 2006-2007 Final Capital Improvement Plan is provided beginning on the next page.

Priorities of the Board of Supervisors

On April 5, 2005, the Stanislaus County Board of Supervisors adopted new priorities to provide direction for Stanislaus County. Departments were assigned to a specific Board priority and “priority teams” are responsible for the success of each of the priorities. The Board's priorities are reflected in the organization of the County budget and, also, in the Final CIP project list.

The specific Board priority underlying the need for each project is part of this report. In previous years, the Final CIP identified projects by budget category; i.e., Fiscal/General Services; Human Services; Public Protection and Public Resources. In this document, requested Final CIP projects are cross-referenced by CIP Category (defined in the next section) and by Board priority.

The seven Board of Supervisors' priorities are:

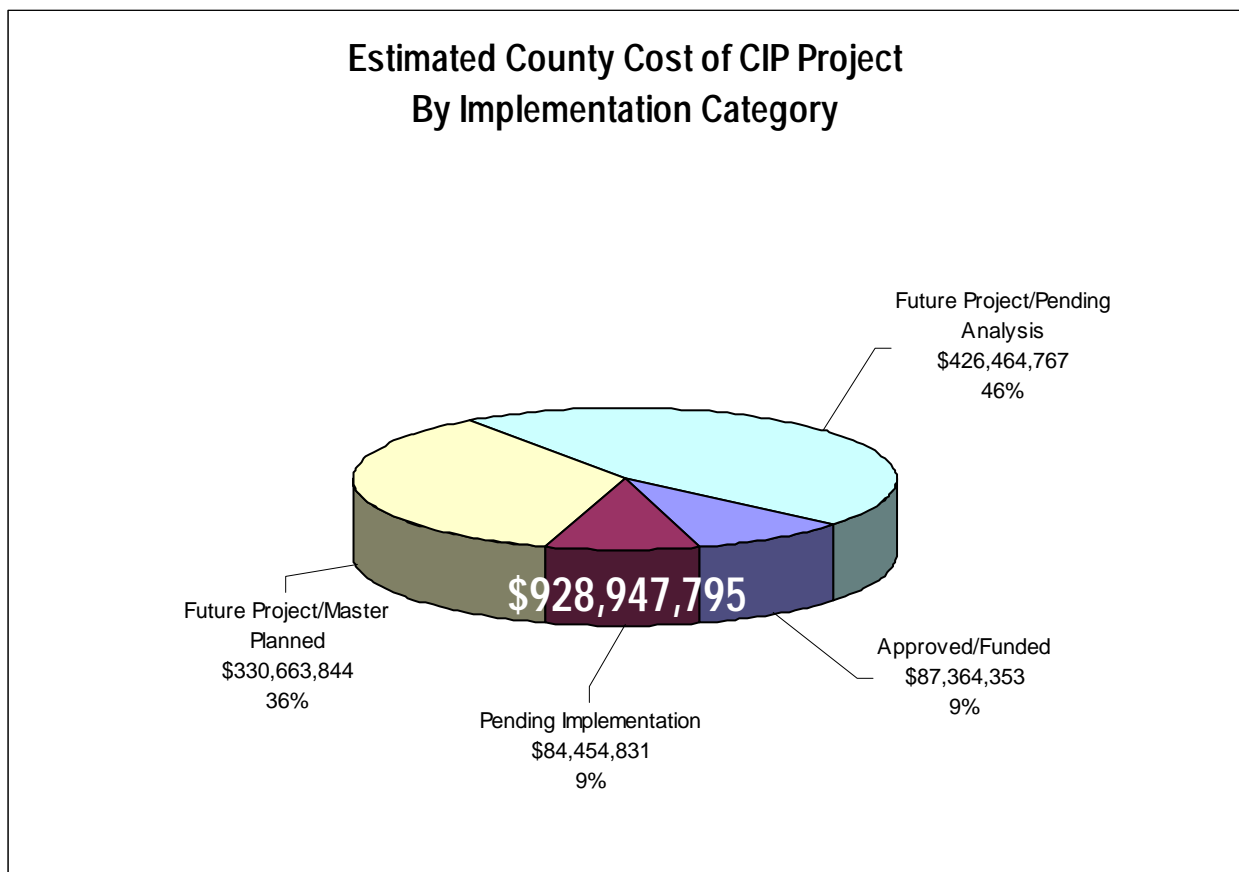

A safe community
A healthy community
A strong local economy
Effective partnerships

A strong agricultural economy/heritage
A well-planned infrastructure system
Efficient delivery of public services

Summary of the Requested Final CIP Project List for 2006

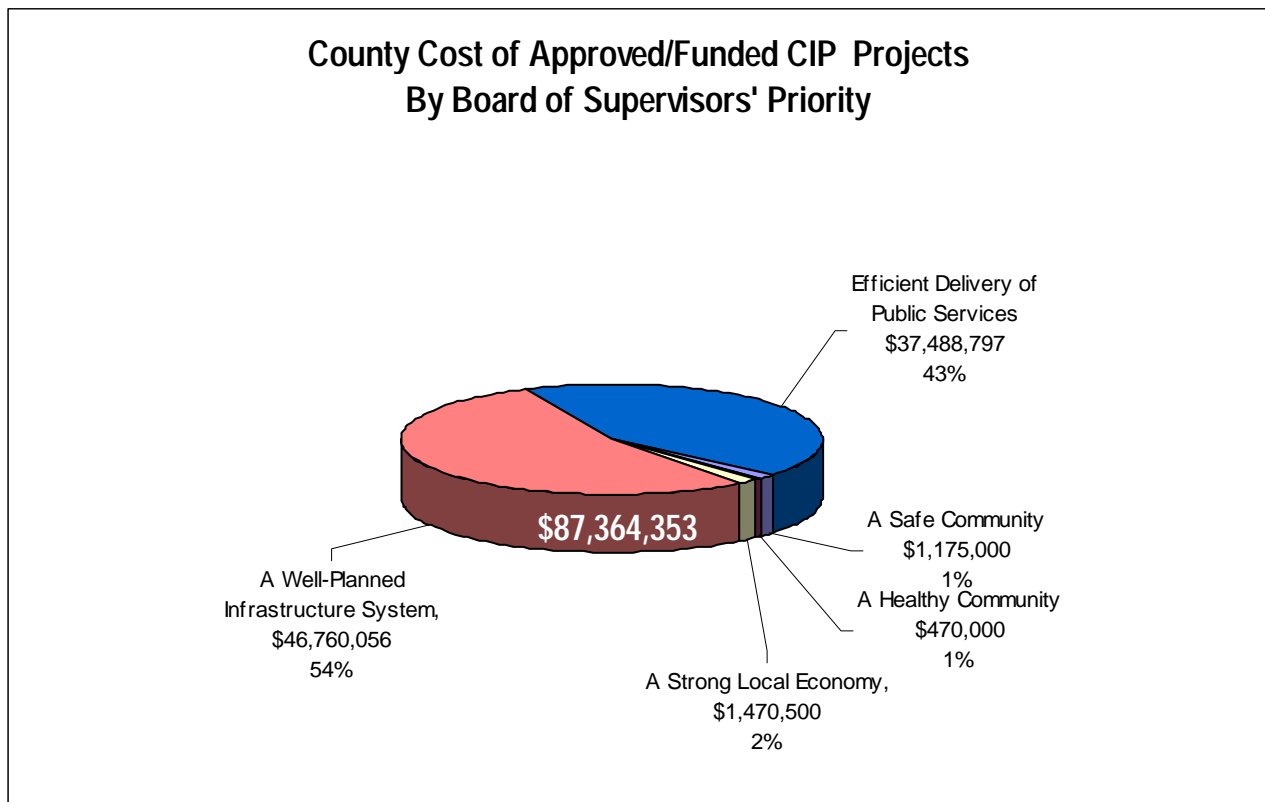

The Final CIP Project List compiled in 2006 contains a total of 287 projects. The estimated total capital cost for the 287 projects is approximately \$1.243 billion. The County's cost of this total is \$929 million or 74.7%. The Final CIP Project List is presented in four distinct funding categories and also by the seven priority categories adopted by the Board of Supervisors.

Of the total requested projects, 9% are within the "Approved/Funded" category. Projects pending implementation represent 9% of the total project list. Approximately 36% of the total project list is included within a Board of Supervisors' approved master planned. The balance of the project list (46%) are future requested projects pending additional analysis.

The list of projects can also be reviewed in terms of the priorities established by the Board of Supervisors. Each project is assigned to a Board priority based on the "lead department." Each County department is assigned to a "priority team" responsible for implementation of the seven Board priorities. Each Capital Improvement Plan project is assigned to a "lead department" that is responsible for implementation of the project. Approximately 54% (210 projects) of the total Final CIP Project List is under the Board priority of "A Well-Planned Infrastructure System." The Board's priority of "A Safe Community" contains a total of 20 requested Final CIP Projects or 7.0% of the total project list. The Board's priority of "A Healthy Community" contains 20 requested Final CIP Projects or 6.9% of the total project list. The remain 37 projects on the

Final CIP Project List are spread among the other Board priorities as follows: “A Strong Local Economy” (15), “A Strong Agricultural Economy/Heritage (1), and “Efficient Delivery of Public Services” (21).

It would appear that the requested CIP projects are overwhelmingly geared toward achieving the priority of a well-planned infrastructure system. In reality, this priority includes all of the Public Works projects and planned expenditures for roads and traffic improvements – a total of \$518,440,735 or 55.8% of the entire Final CIP project list estimated County cost. Most of these projects, along with Transit projects, are funded by County Road funds, or dedicated State or Federal funds. The remaining funds are split between the remaining Board priorities. No requested projects have been listed under the “effective partnership” priority. However, many of Stanislaus County’s projects also achieve that goal, as noted in the “other stakeholders” section of the detailed project descriptions. Most of the projects in this listing implement multiple Board priorities. For example, the Gallo Center for the Arts project is an extremely creative public-private partnership involving community fund raising, a private operator, County land and buildings, shared parking facilities, coordination and cooperation with the downtown Modesto business community, and enhancing the local and regional economy. Other projects such as the 12th Street Office Building and Parking Structure, the Waterford City-County Partnership and many others further achieve these objectives.

County Department	Number of Projects	Est. Total County Cost
Animal Services	2	\$8,125,000
Area Agency on Aging	1	200,000
Behavioral Health and Recovery Services	9	17,770,000
Chief Executive Office/Capital Projects	8	62,038,797
Chief Executive Office/Economic Development	4	2,000,000
Chief Executive Office/Public Information	1	9,700,000
Clerk-Recorder	2	100,000
Community Services Agency	7	6,350,000
Cooperative Extension	1	280,000
Environmental Resources	1	200,000
General Services Agency/Building Maintenance	10	9,500,000
Health Services Agency	3	11,778,500
Library	11	62,814,393
Parks and Recreation	19	20,015,000
Planning/Community Development	5	85,100,000
Probation	5	17,790,370
Public Works/Landfill	2	8,300,000
Public Works/Roads and Traffic	168	518,440,735
Public Works/Transit	14	9,335,000
Redevelopment Agency	1	0
Sheriff	8	76,770,000
Stanislaus Regional 911	5	2,340,000
TOTAL	287	\$928,947,795

Summary of Changes from Prior Capital Improvement Plan Project List

Many important changes were incorporated into this year's Final Capital Improvement Plan. Most significantly, the planned projects are listed as they apply to the newly adopted priorities of the Board of Supervisors. The added classification of projects by Board priority will help to align long-range capital planning with the vision, goals and priorities established by the Board of Supervisors.

Another significant change includes a complete re-assessment of Public Works roads and traffic projects with respect to funding priorities, State and Federal funding availability and the estimated cost and timing of various projects. Several projects that have been given high priority by the Board of Supervisors have been added or accelerated in the Final CIP. Additionally, a more comprehensive list of road maintenance needs are referenced in Appendix C as included in the County's Road System Maintenance schedule. The referenced list of road maintenance projects is comprehensive, and an annual contribution toward funding road maintenance activities is provided within the Final CIP project listing. The Final CIP project listing limits funding to anticipated revenue sources and optimistically projects the availability of significant revenue for which funding is uncertain, including State Proposition 42 funds, passage of a transportation sales tax measure and sale of infrastructure bonds. Even with these funds, projected maintenance needs far exceed projected funding sources. See Appendix C for details.

Stanislaus County created a new department of General Services, now including Building Maintenance functions (formerly a component of Public Works.) A comprehensive list of requested deferred building maintenance needs is presented in Appendix B, and the highest

priority projects are listed in Appendix A. Like the road maintenance projects, deferred building maintenance needs are identified as a requested annual contribution in the CIP project listing.

Fifteen (15) new projects were included in the Final CIP since the last Preliminary CIP approved by the Board of Supervisors in Fiscal Year 2002-2003. They include:

- ◆ Expansion of BHRS Juvenile Justice MHS (Proposition 63) facility;
- ◆ BHRS Family Partnership Kitchen Remodel;
- ◆ Relocation of Superior Court Department 16 into the Main Modesto Courthouse;
- ◆ Long-range relocation of services from County Center II to new facilities;
- ◆ Remodeling of the Paradise Medical Office at the West Modesto Community Center;
- ◆ Future expansion of the District Attorney within the new 12th Street Office Building and relocation of utility lines adjacent to the new building;
- ◆ Development of a permanent CAIRE Center and a Turlock Outstation for Community Services;
- ◆ Expansion of the Household Hazardous Waste Collection Facility;
- ◆ Completion of the Salida Regional Library Phase II Improvements (Roof, Restrooms, Café, Parking Lot and Landscaping), relocation of Modesto library services to Salida and an update of the 2001 Library Facilities Master Plan to reflect current funding availability and timing of projects;
- ◆ Completion of the Shackelford/Robertson Road Sewer Lateral connection; and
- ◆ Development of a new Coroner facility and expansion of the Public Safety Center facilities (jail and evidence facilities).

Thirty-two (32) projects have been completed and were removed from the Final CIP, including:

- ◆ Salida Regional Library;
- ◆ Baldwin Road in Patterson;
- ◆ The Animal Services Quarantine Unit remodel;
- ◆ Grayson/United Community Center and Park;
- ◆ McHenry Medical Office Replacement Facility;
- ◆ 830 Scenic (former County Hospital) 3rd floor remodel for expanded office space, and various security upgrades at County Center II; and
- ◆ Fourteen (14) various parks and recreation projects, including Woodward Saddle Dam and Intake Pipe projects, and Empire Park.

The remaining projects have been modified to reflect new cost estimates, anticipated start and completion dates, funding sources or other details. A number of projects have been started in previous years and are currently underway, such as the Gallo Center for the Arts.

Stanislaus County Debt Capacity

Stanislaus County has the ability to incur additional debt in light of its current debt service obligation. The County has a sound financial strategy for paying off its debts as they become due. Debt service is budgeted annually in the General Fund. The County has maintained a General Fund reserve equal to the amount of one year of annual debt service, or approximately \$11.7 million. Rating agencies view the County's net county cost schedule as a credit positive. There are several debt ratios and quantitative measures used to assess the debt burden of the County. They are as follows: Debt to Assessed Value; Debt per Capita; and Debt Service Payment to General Fund Expenditures to name a few.

Stanislaus County engaged the firm of Kelling, Northcross & Nobriga to conduct an independent Debt Capacity Review in April, 2005. Their report made the following findings:

The ratio of direct debt to Assessed Value is widely used and is referred to as a jurisdiction's "Debt Burden." The County's debt burden, including the Pension Obligation Bond, is .69%. The County's debt burden without the Pension Obligation Bond is much lower at .35%. The Standard & Poors 2006 medians for all A-rated Counties is .60%. The County's debt burden ratio is expected to decrease rapidly in the future. The debt burden for the County has fallen steadily every year from 1998 through 2006, other than a slight rise in debt burden between Fiscal Year 2003-2004. The steady decrease is due largely to the substantial increase in assessed value.

Debt per Capita for fiscal year ending 2005 was \$242.82. The S&P's median range is \$266. Based on this calculation and ratio the County's residents are not "over-burdened" with the County's direct debt.

For Fiscal Year 2005-2006, the County spent about 5.8¢ on debt repayment per every dollar of General Fund expenditure. The S&P average range is between 3.21¢-8.29¢. The County's ratio falls below the median for all S&P A-rated counties and into the "average" category.

In general, the County's debt ratios are moderate in comparison to other counties.

The County's additional debt capacity based on debt per assessed value ratio with annual growth rate of 3% is approximately \$150 million by 2011. Additional debt capacity based on debt per capita ratio is \$72 million by year 2011 (projected population of 560,818.) The additional annual debt service capacity based on net debt service per general fund expenditures is approximately \$145 million by 2011. The County's minimum additional debt capacity for the next five (5) years is a conservative \$72 million.

Organization of the Final Capital Improvement Plan List

This list of CIP projects is categorized according to each requested project's current implementation status (Approved/Funded; Pending Project Implementation; Future Project—Master Planned; or Future Project—Pending Analysis.) The project list is further sorted by priority of the Board of Supervisors, consistent with the County's budget. Projects are grouped by department within each budget area.

A detailed description of each project is provided in the tabs identifying the Board of Supervisors' priorities. The anticipated implementation date of each project start and completion is provided. The beginning of a capital project is defined as the initial acquisition or pre-architectural planning and design effort. A project may extend over several fiscal years in a major construction effort, or where a project is developed in concurrent phases. Implementation of some projects is contingent upon securing funding sources and, as a result, the timing of some projects may be advanced or delayed accordingly.

A summary of the projects is provided in the Section entitled "CIP Implementation Categories." In this section, the timing of projects by implementation priority is provided including an analysis of the total County cost of projects per year. This analysis is useful in comparing the County's budget and debt capacity.

The detailed project listing in the Board priority sections contain the following information:

CIP Category	Categorization of project priority: Approved/Funded; Pending Implementation; Future Project/Master Planned; or Future Project/Pending Analysis. Non categorized projects and those that have been completed or removed from the Final Capital Improvement Plan are not listed.
Board of Supervisors' Priority	The adopted Board priority that each project is designed to achieve or promote.
Lead Department	County department or agency taking the "lead role" in implementation of the project.
Budget Category	Service category of lead department as listed in the current County Final Budget.
Project Title	Brief name of project.
Project Description	A brief description of the project.
Project Number	Reference number used to identify projects. The project reference number begins with the (beginning) fiscal year CIP list that this project was introduced.
Total Estimated Cost	Current value (2006) estimated cost of the entire project, including planning and conceptual design, land, fees and other professional services, construction, demolition, furnishings and equipment and project management. "Approved/Funded" projects generally have had a detailed cost estimate analysis completed; however, conceptual costs have been estimated for other future project requests.
County Estimated Cost	Current value (2006) estimated cost of the project for which Stanislaus County is responsible.
Implementation Date (Start-End)	Calendar year that the project is anticipated to begin and to be completed (if appropriate.) Project start and completion dates are estimated pending the availability of funding, specific project review by the Board of Supervisors and overall department prioritization for implementation.
Location	Projects that are not specifically associated with a single location are listed as "countywide" – including funding projects and equipment acquisition.
Other Stakeholders	A list of other departments or agencies in addition to the lead department that are involved in the project. May include tenants, users, partners or other interests.

Source Document	A document approved by the Board of Supervisors that provides justification of the need for, or a master plan including this project.
Source of Funds	Identified source of funding for this requested project.
Budget Approval Status	Indication of the status of the Board of Supervisors' approval of this project's budget, if any.
Project Status	Brief status of the project development and Board of Supervisors actions regarding this project.

Several indices are provided at the back of this document to assist in locating specific project information based on a project's lead department, location, or CIP project number.

Striving to be the Best

Capital Improvement Plan Implementation Category

**Stanislaus County
Final Capital Improvement Plan
Fiscal Year 2006-2007**

CIP IMPLEMENTATION CATEGORY

The Final Capital Improvement Plan projects listed in this section are sorted by “CIP Category.” This list is useful in determining which projects are slated for implementation first, versus those projects for which funding has yet to be fully identified or that the Board of Supervisors has yet to review in detail and approve.

The projects are listed by category:

- ◆ **Approved/Funded Projects**
- ◆ **Projects Pending Implementation**
- ◆ **Future Project/Master Planned**
- ◆ **Future Project/Pending Analysis**

A description of these implementation categories is provided in the Introduction section of this document.

In summary, projects that have been approved and funded by the Board of Supervisors represent 9.40% of the County cost of all Capital Improvement Plan projects.

Implementation Category	Projects	Total Est. Cost	Pct	Est. County Cost	Pct
Approved/Funded Projects	44	180,045,560	14.48%	87,364,353	9.40%
Projects Pending Implementation	84	172,094,984	13.84%	84,454,831	9.09%
Future Project/Master Planned	117	426,588,346	34.31%	330,663,844	35.60%
Future Project/Pending Analysis	42	464,439,757	37.36%	426,464,767	45.91%
TOTAL	287	1,243,168,647	100.00%	928,947,795	100.00%

Forty-four of the 287 Final CIP projects are listed in the ‘Approved/Funded’ category, and 84 projects are considered to be ‘Pending Implementation.’

Capital Improvement Project Timeline

The project categories generally refer to the priority for implementation of the project depending on the status of Board of Supervisors’ approval. For example, Approved and Funded projects have generally been reviewed and approved by the Board of Supervisors and full funding for the project has been identified. Projects in the ‘Pending Implementation’ category are considered to be high priority projects by the Board, but may not yet have full funding identified, or the detail of the project (architectural design, etc.) may not be completed. General, project costs of Approved/Funded projects have been analyzed in detail; whereas other, longer-term future projects have only had a conceptual cost estimate conducted.

Those projects in the ‘Future Project/Master Planned’ and ‘Future Project/Pending Analysis’ have been identified as a future need, but have not yet been presented in detail to the Board of Supervisors for further consideration. The ‘Master Planned’ category includes projects for which a comprehensive master plan was completed and adopted by the Board of Supervisors, but for which a detailed (project specific) plan has yet to be approved by the Board. Those pending further analysis are projects which will be studied further by staff before any recommendation to the Board to implement the project is made.

The entire Final Capital Improvement Plan project list includes 287 projects having a total estimated County cost of \$928,947,795 over the next twenty years. If those projects that were initiated prior to 2006 are excluded, the remaining projects total \$805,843,609 in estimated County cost through 2024. Of those, the 'Approved/Funded' and 'Pending Implementation' projects are the highest priority projects to be funded over the next ten years, as shown in the table below. The table lists the total of County costs for the CIP projects, with the cost loaded in the first year of the project.

Estimated County Cost of Projects at Start Year
By CIP Implementation Category

Project Start Year	Approved/ Funded	Pending Implementation	Future Project/ Master Planned	Future Project/ Pending Analysis	TOTAL
2006	\$24,030,079	\$7,705,399	\$1,200,000	\$6,739,860	\$39,675,338
2007	15,588,811	16,865,264	45,940,997	106,635,000	185,030,072
2008	6,536,205	3,279,412	25,129,428	93,750,000	128,695,045

2024	0	0	3,967,000	0	3,967,000
2025	0	0	0	0	0
2026	0	0	0	0	0
TOTAL	\$46,155,095	\$41,855,662	\$292,168,085	\$425,664,767	\$805,843,609

The 'Approved/Funded' and 'Pending Implementation' projects total an estimated \$88,010,757 starting between 2006 and 2015. Once projects in the two 'Future Project' categories are further evaluated, funding sources for these projects will be assessed and their implementation priority will be reevaluated.

Projects By Implementation Category

The following pages provide a summary list of the Final Capital Improvement Plan projects by implementation category and by lead department.

Specific information for each project is contained in the subsequent sections, by Board of Supervisors' priority. A reference to the project detail page number is provided in the right column of the following table. Several indices are provided in the back of this document to locate detailed project information by lead department, location or project number.

CIP Implementation Category

Striving to be the Best

Approved/Funded

Approved/Funded projects have generally been reviewed and approved by the Board of Supervisors and full funding for the project has been identified.

A SAFE COMMUNITY

Introduction

Protecting the safety of the residents of Stanislaus County continues to be the top priority of the Board of Supervisors. The impact of gangs and drugs on our community directly contributes to the decline of the physical, economic and social health of the County. Reducing these impacts allows residents to live and participate in our local communities in a safe environment. Prevention and intervention are as important as enforcement in protecting residents. A community that focuses resources on prevention and intervention should have less need for enforcement. The criminal justice system is comprised of a network of County departments focused on a coordinated effort to balance funding and operations between public safety agencies to foster a system-wide approach to protecting the public and streamlining operations between agencies.

Local and regional disaster preparedness is critical to the County's ability to respond to and recover from natural and man-made disasters. Recent events have illustrated communities must have a strong emergency management team and plans to sustain the region during disasters. An incident management team provides the needed coordination and oversight for emergency response. Effective emergency communication and information sharing among agencies is a critical component in disaster preparation.

The Animal Services Department protects the community by offering animals for adoption, providing housing and medical care for stray animals rescued in the community, and teaching the public about humane treatment of animals. The Office of Emergency Services/Fire Warden is responsible for developing and maintaining plans for responding to local emergencies including natural disasters, Homeland Security, and biological events. The District Attorney's Office primary goal is to seek justice through vigorous prosecution of criminals and victim advocacy. The Probation Department provides intensive supervision to probationers and juvenile offenders who are placed in the community and provides a safe, secure custodial facility for juvenile offenders. The Public Defender's Office provides vigorous and effective legal representation of indigent persons accused of crimes, involved in dependency matters, accused of criminal contempt, or are facing involuntary mental health commitment. The Sheriff's Department is the primary law enforcement agency for the unincorporated areas of the County and its' contract cities. The Sheriff's Department also provides housing for incarcerated adults and security for the Courts.

The following section lists those Capital Improvement Plan projects that support the Board of Supervisors' priority of "A safe community" based on the lead department assigned to each project. A summary of the projects by department is followed by a detailed listing of the individual project information, provided in implementation category order.

Specific information for any project may be located by referencing the indices provided in the back of this document.

New Animal Services Facility Needs Assessment and Plan

Board Priority: A safe community
CIP Category: Approved/Funded Location: Modesto
Lead Department: **Animal Services**

The main Animal Services facility was constructed in 1972 and is in need of significant renovation and improvements. The current facility is overcrowded and in need of expansion. This project will study the needs and feasibility for a new facility.

Start/Completion Year: 2006 - 2007 Reference Plan: Animal Services Master Plan, 2001
Other Stakeholders:

Total Project Cost (est.): \$75,000 *If Checked below:*
County Cost of Project: \$75,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$180,000 budgeted funds remaining after Quarantine Unit remodel.

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Current in the planning phase.

Animal Services Facilities Plan Implementation **2002.013**

Board Priority: A safe community
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Animal Services**

Current animal services facilities are being assessed as part of an Animal Services Master Plan. This project, along with Project 2002.010, is planned to provide for the facilities needs recommended by the Master Plan.

Start/Completion Year: 2008 - 2010 Reference Plan: Animal Services Master Plan, 2001
Other Stakeholders:

Total Project Cost (est.): \$8,050,000 *If Checked below:*
County Cost of Project: \$8,050,000 ___ Full Funding has been identified for this project.
___ Board of Supervisors has approved funding of this project.
Source of Funds: (Consolidation of CIP projects 2002.010 and 2002.011) Funding TBD.

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Current in the planning phase.

Juvenile Hall Upgrade of Two Existing Housing Units

Board Priority: A safe community
CIP Category: Approved/Funded Location: Modesto
Lead Department: **Probation**

Upgrade two housing units at Juvenile Hall, including mechanical systems, locks, lighting. Improvements are needed to provide a long-term secure and safe environment for staff and juveniles.

Start/Completion Year: 2002 - 2006 Reference Plan: Juvenile Justice Master Plan, 1996
Other Stakeholders:

Total Project Cost (est.): \$650,000 *If Checked below:*
County Cost of Project: \$650,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Included in County Fiscal Year 2002-2003 Final Budget

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Current in the planning phase.

Juvenile Courtroom and Juvenile Hall Building Entry Remodel **2002.109**

Board Priority: A safe community
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Probation**

Remodel Juvenile Hall to meet space growth needs for Probation, Superior Court, District Attorney and Public Defender, including security improvements.

Start/Completion Year: 2007 - 2007 Reference Plan: Juvenile Justice Master Plan, 1996
Other Stakeholders: District Attorney, Public Defender, Superior Court of California

Total Project Cost (est.): \$2,781,200 *If Checked below:*
County Cost of Project: \$2,781,200 ___ Full Funding has been identified for this project.
___ Board of Supervisors has approved funding of this project.
Source of Funds: TBD

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Juvenile Hall Booking/Intake/Reception Areas Redesign/Renovation

2002.039

Board Priority: A safe community
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Probation**

Redesign the booking area, intake and reception to improve functionality by relocation of workstations, new transaction counters, improved lighting and mechanical systems, emergency lighting, intercom console. Will enhance safety, security and privacy.

Start/Completion Year: 2007 - 2012 Reference Plan: Juvenile Justice Master Plan, 1996
Other Stakeholders:

Total Project Cost (est.): \$877,250 *If Checked below:*
County Cost of Project: \$877,250 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Department operating budget; State Board of Corrections; State/Federal Grants; Inter-Department funds; Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Juvenile Hall New Commitment Facility

2002.040

Board Priority: A safe community
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Probation**

Design and construct a 60-bed Commitment Facility that provides a 9-month program for long-term commitments of the Juvenile Court.

Start/Completion Year: 2007 - 2012 Reference Plan: Juvenile Justice Master Plan, 1996
Other Stakeholders:

Total Project Cost (est.): \$12,655,920 *If Checked below:*
County Cost of Project: \$12,655,920 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Department operating budget; State Board of Corrections; State/Federal Grants; Inter-Department funds; Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Juvenile Hall Renovation of Outdoor/Covered Recreation Areas

Board Priority: A safe community
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Probation**

Redesign and renovate Juvenile Hall's outdoor recreation area, and recreation multi-purpose room to a level that supports the increased Juvenile Hall capacity.

Start/Completion Year: 2007 - 2012 Reference Plan: Juvenile Justice Master Plan, 1996
Other Stakeholders:

Total Project Cost (est.): \$826,000 *If Checked below:*
County Cost of Project: \$826,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Department operating budget; State Board of Corrections; State/Federal Grants; Inter-Department funds; Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Public Safety Center Master Plan/Needs Assessment Update

2002.355

Board Priority: A safe community
CIP Category: Approved/Funded Location: Ceres
Lead Department: **Sheriff**

The original Public Safety Center Master Plan should be updated and any possible sources of funding to build other needed components of the jail facilities should be identified.

Start/Completion Year: 2006 - 2007 Reference Plan: Public Safety Center Master Plan, 1991
Other Stakeholders:

Total Project Cost (est.): \$200,000 *If Checked below:*
County Cost of Project: \$200,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Coroner/Public Administrator Facility

Board Priority: A safe community
CIP Category: Pending Implementation Location: Modesto
Lead Department: **Sheriff**

Design and construct a new facility for the Coroner and Public Administrator on existing County property at the Public Safety Center.

Start/Completion Year: 2007 - 2009 Reference Plan: Public Safety Center Master Plan
Other Stakeholders: Possible regional center; possible private partners to be identified

Total Project Cost (est.): \$4,500,000 *If Checked below:*
County Cost of Project: \$4,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: To be determined

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Honor Farm Facility Emergency Backup Power **2002.352**

Board Priority: A safe community
CIP Category: Pending Implementation Location: Grayson
Lead Department: **Sheriff**

Develop emergency power backup capability at the Honor Farm.

Start/Completion Year: 2005 - 2006 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$100,000 *If Checked below:*
County Cost of Project: \$100,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Current in the planning phase.

Sheriff's Operations Center and Kitchen Emergency Backup Power

Board Priority: A safe community
CIP Category: Pending Implementation Location: Ceres
Lead Department: **Sheriff**

Develop emergency power backup capability at the Sheriff's Operations Center and Kitchen facilities.

Start/Completion Year: 2005 - 2006 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$520,000 *If Checked below:*
County Cost of Project: \$520,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

New Evidence Room **2006.129**

Board Priority: A safe community
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Sheriff**

Construct a larger room for secure storage of evidence by the Sheriff's department.

Start/Completion Year: 2008 - 2009 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$150,000 *If Checked below:*
County Cost of Project: \$150,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: To be determined

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: Current in the planning phase.

Jail and Sheriff's Operations Center Security Electronics

Board Priority: A safe community
CIP Category: Future Project/Pending Analysis Location: Ceres
Lead Department: **Sheriff**

Design and upgrade or install security electronics at the Jail and the Sheriff's Operations Center.

Start/Completion Year: 2007 - 2009 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$300,000 *If Checked below:*
County Cost of Project: \$300,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Patterson Joint City-County Law Enforcement Facility **2002.356**

Board Priority: A safe community
CIP Category: Future Project/Pending Analysis Location: Patterson
Lead Department: **Sheriff**

Design and develop a new joint law enforcement facility in partnership with the City of Patterson.

Start/Completion Year: 2007 - 2009 Reference Plan:
Other Stakeholders: City of Patterson Police

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: City of Patterson \$500,000; Balance TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Public Safety Center Capacity Expansion

Board Priority: A safe community
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Sheriff**

Expand the capacity of the County Jail at the Public Safety Center by designing and constructing new housing units or "pods." Overall project size is contingent upon completion of the Public Safety Center Master Plan Update study.

Start/Completion Year: 2008 - 2012 Reference Plan: Public Safety Center Master Plan (update)
Other Stakeholders:

Total Project Cost (est.): \$70,000,000 *If Checked below:*
County Cost of Project: \$70,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: To be determined

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Radio System Upgrade for Interoperability **2002.028**

Board Priority: A safe community
CIP Category: Approved/Funded Location: Countywide
Lead Department: **Stanislaus Regional 911**

Would provide enhanced operability of radio systems between emergency responders and resources.

Start/Completion Year: 2002 - 2007 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$250,000 *If Checked below:*
County Cost of Project: \$250,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Included in County budget for Fiscal Year 2002-2003

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Current in the planning phase.

Upgrade or Replace Existing Computer-Aided Dispatch (CAD) System

2003.001

Board Priority: A safe community
CIP Category: Pending Implementation Location: Modesto
Lead Department: **Stanislaus Regional 911**

Replace existing, outdated computer-aided dispatch system with new open standards model able to support user agencies needs.

Start/Completion Year: 2005 - 2007 Reference Plan: Emer. Dispatch Implementation Plan, 1988
Other Stakeholders: SR911

Total Project Cost (est.): \$3,000,000 *If Checked below:*
County Cost of Project: \$1,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Upgrade or Replace the PBX at SR911/Emergency Dispatch

2003.002

Board Priority: A safe community
CIP Category: Pending Implementation Location: Modesto
Lead Department: **Stanislaus Regional 911**

Upgrade or replace the current PBX system with software and hardware that supports newer technologies.

Start/Completion Year: 2005 - 2007 Reference Plan: Information Technology Strategic Plan, 2000
Other Stakeholders: SR911

Total Project Cost (est.): \$400,000 *If Checked below:*
County Cost of Project: \$200,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Emergency Operations Ctr Mgmt System/Internet Based Management

2002.027

Board Priority: A safe community
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Stanislaus Regional 911**

This project would enable policy level and emergency managers to share real-time information to authorized users anywhere in the County. Additionally, any authorized user connected to the internet would be able to participate.

Start/Completion Year: 2007 - 2012 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$120,000 *If Checked below:*
County Cost of Project: \$120,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Video Conferencing/Web Casting

2002.026

Board Priority: A safe community
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Stanislaus Regional 911**

Provides a system that would connect the Emergency Operations Center with Tenth Street Place.

Start/Completion Year: 2007 - 2012 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$270,000 *If Checked below:*
County Cost of Project: \$270,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Stanislaus County

Striving to be the Best

A healthy community

COUNTY DEPARTMENTS

- Area Agency on Aging/Veteran Services
- Behavioral Health & Recovery Services
- Child Support Services
- Community Services Agency
- Health Services Agency

A HEALTHY COMMUNITY

Introduction

A healthy community is vital to the quality of life for our residents. The primary focus on protecting and promoting the physical safety of our residents includes preventing disease, disability and death. Protecting emotional safety focuses on the social problems that include homelessness, incarceration, and fragmented families with financial and emotional needs. An emphasis on prevention helps to improve the quality of life for those served. Resources dedicated to prevention allow a broader population to be served than the resources required for direct service. Audits and external oversight of State and Federal mandated programs demonstrates that County agencies are effectively administering these services.

The Area Agency on Aging plans and coordinates senior services to promote independence and self-sufficiency. Veterans' Services provides assistance and advocacy to the men and women who served in the Armed Forces of America, their dependents and survivors. Behavioral Health and Recovery Services provides outpatient and residential behavioral health services to promote emotional health and recovery. The Department of Child Support Services enforces child support orders and establishes and enforces paternity orders. The Children and Families Commission funds education, health and child care programs that promote early childhood development, from prenatal through age five. The Community Services Agency operates social welfare programs including protective services for children and adults, temporary financial assistance to the needy, emergency food assistance, foster care and adoptions. The Health Services Agency is responsible for health care services to those eligible through a clinic system providing primary care, specialty care and ancillary services such as radiology, pharmacy and rehabilitation. The Public Health Division of the Health Services Agency is responsible for assessing, measuring, reporting and monitoring the health status of the community.

The following section lists those Capital Improvement Plan projects that support the Board of Supervisors' priority of "A healthy community" based on the lead department assigned to each project. A summary of the projects by department is followed by a detailed listing of the individual project information, provided in implementation category order.

Specific information for any project may be located by referencing the indices provided in the back of this document.

Project Status:: Current in the planning phase.

Stanislaus Behavioral Health Center Chiller Replacement **2002.020**

Board Priority: A healthy community
CIP Category: Approved/Funded Location: Modesto
Lead Department: **Behavioral Health & Recovery Services**

Replace aging chiller at Stanislaus Behavioral Health Center complex.

Start/Completion Year: 2003 - 2006 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$200,000 *If Checked below:*
County Cost of Project: \$200,000 ___ Full Funding has been identified for this project.
___ Board of Supervisors has approved funding of this project.
Source of Funds: General Fund; Inc. in Proposed Budget for FY 2006-2007

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Project plan has been reviewed and approved by the Board of Supervisors.

Stanislaus Behavioral Health Center Re-Roofing

Board Priority: A healthy community
 CIP Category: Approved/Funded Location: Modesto
 Lead Department: **Behavioral Health & Recovery Services**

Re-roofing of the entire Stanislaus Behavioral Health Center complex of buildings.

Start/Completion Year: 2003 - 2006 Reference Plan:
 Other Stakeholders:

Total Project Cost (est.): \$90,000 *If Checked below:*
 County Cost of Project: \$90,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: General Fund.

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project plan has been reviewed and approved by the Board of Supervisors.

Project Status:: Project plan has been reviewed and approved by the Board of Supervisors.

Stanislaus Recovery Center Child Care Center

Board Priority: A healthy community
 CIP Category: Pending Implementation Location: Ceres
 Lead Department: **Behavioral Health & Recovery Services**

Build a child care center at the Stanislaus Recovery Center in partnership with the Children and Families First Commission and Head Start for development and operations.

Start/Completion Year: 2005 - 2007 Reference Plan:
 Other Stakeholders:

Total Project Cost (est.): \$800,000 *If Checked below:*
 County Cost of Project: \$800,000 ___ Full Funding has been identified for this project.
 ___ Board of Supervisors has approved funding of this project.

A STRONG LOCAL ECONOMY

Introduction

An important role that County government can play in creating a strong local economy is to promote, protect, and sustain our agricultural economies while providing for broader, more diversified economic opportunities that will strengthen our local economy and provide for a better, more stable, quality of life for our residents. Helping to facilitate the creation of jobs for the people of Stanislaus County is imperative for the community to prosper and grow. Finding ways to highlight our community's rich agricultural traditions as a positive tourism location and facilitating regional approaches to tourism will bring new revenue to our county. Ensuring that all people have the knowledge and ability to access the internet and providing a solid Information Technology (I.T.) infrastructure, to support E-government are vital aspects to preparing our workforce and improving the attractiveness of Stanislaus County as a place to locate new business.

The Chief Executive Office – Economic Development Budget Unit works proactively with cities, developers, businesses and the community to support the Board's priority of a Strong Local Economy by promoting Stanislaus County as an excellent place to live, do business and visit. The unit also facilitates technology initiatives that promote community access, training, and workforce development. The Alliance WorkNet provides a wide range of employment and training services to the community through a variety of programs funded under the Workforce Investment Act (WIA). To assist area employers, the Alliance WorkNet has Business Services Representatives who visit area businesses in the effort to help them with their employment needs as well as retention, expansion, business counseling, and other services. The Stanislaus County Library provides educational and recreational opportunities to the community. The community has access to reference and reader's advisory help, weekly story times at all branches and children's programs throughout the year. Online databases and reference services are available at any time from any Internet link.

The following section lists those Capital Improvement Plan projects that support the Board of Supervisors' priority of "A strong local economy" based on the lead department assigned to each project. A summary of the projects by department is followed by a detailed listing of the individual project information, provided in implementation category order.

Specific information for any project may be located by referencing the indices provided in the back of this document.

County Cost of Project: \$8,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees and Library fund balance

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Library Information Technology Relocation

2006.127

Board Priority: A strong local economy
CIP Category: Future Project/Master Planned Location: Salida
Lead Department: **Library**

Relocate Library Information Technology from Downtown Modesto Library to Salida Regional Library in preparation for re-engineering/remodel of Modesto Library (CIP #2001.005).

Start/Completion Year: 2007 - 2008 Reference Plan: Library Facilities Master Plan
Other Stakeholders:

Total Project Cost (est.): \$400,000 *If Checked below:*
County Cost of Project: \$400,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Library Fund Balance

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Modesto Main Library Renovation

Board Priority: A strong local economy
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Library**

Re-engineer of the existing Modesto Main Library to improve accessibility (per ADA requirements), reconfigure public and staff spaces to meet updated programmatic needs, and to refurbish building structural, mechanical and electrical systems.

Start/Completion Year: 2010 - 2013 Reference Plan: Library Facilities Master Plan
Other Stakeholders:

Total Project Cost (est.): \$17,168,266 *If Checked below:*
County Cost of Project: \$17,168,266 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: County would incur debt and would make an annual debt payment for a portion of this cost.

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Project plan currently being developed and pending approval by Board.

New Northeast Regional Library

2002.009

Board Priority: A strong local economy
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Library**

The project will acquire land and construct a regional library containing 25,000 sq. ft., plus 5,000 sq. ft. of community meeting space. This will be a full-service regional library to provide for substantial growth in the northeast Modesto/Oakdale area.

Start/Completion Year: 2019 - 2020 Reference Plan: Library Facilities Master Plan
Other Stakeholders:

Total Project Cost (est.): \$9,000,000 *If Checked below:*
County Cost of Project: \$9,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees and Library Fund Balance

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Oakdale Library Expansion

Board Priority: A strong local economy
CIP Category: Future Project/Master Planned Location: Oakdale
Lead Department: **Library**

This project will expand the existing 6,500 sq. ft. branch library facility to a 10,000 sq. ft. facility in response to increasing public utilization and growth in the Oakdale community.

Start/Completion Year: 2016 - 2017 Reference Plan: Library Facilities Master Plan
Other Stakeholders:

Total Project Cost (est.): \$5,000,000 *If Checked below:*
County Cost of Project: \$5,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees and Library Fund Balance

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Patterson Branch Library Replacement Facility **2002.002**

Board Priority: A strong local economy
CIP Category: Future Project/Master Planned Location: Patterson
Lead Department: **Library**

This project will replace the existing 4,070 sq. ft. branch library with a branch library of 10,000 sq. ft. The City of Patterson is considering donating a site for this project. The need for library services in Patterson is growing substantially.

Start/Completion Year: 2013 - 2015 Reference Plan: Library Facilities Master Plan, 2001
Other Stakeholders:

Total Project Cost (est.): \$5,000,000 *If Checked below:*
County Cost of Project: \$5,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees and Library Fund Balance

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Riverbank Branch Library Expansion

Board Priority: A strong local economy
 CIP Category: Future Project/Master Planned Location: Riverbank
 Lead Department: **Library**

This project is expected to expand the current 3,594 sq. ft. branch library facility into a facility of 10,000 sq. ft.

Start/Completion Year: 2017 - 2018 Reference Plan: Library Facilities Master Plan
 Other Stakeholders:

Total Project Cost (est.): \$5,000,000 *If Checked below:*
 County Cost of Project: \$5,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees and Library fund balance

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Turlock Regional Library

Board Priority: A strong local economy
 CIP Category: Future Project/Master Planned Location: Turlock
 Lead Department: **Library**

This project will replace the existing 10,000 sq. ft. branch library with a new 25,000 sq. ft. regional library in Turlock, plus an additional 5,000 sq. ft. of community meeting space. Project will include site selection, design and new construction.

Start/Completion Year: 2007 - 2010 Reference Plan: Library Facilities Master Plan
 Other Stakeholders: Possible City of Turlock land and parking donation.

Total Project Cost (est.): \$11,650,627 *If Checked below:*
 County Cost of Project: \$11,650,627 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Library Public Facilities Fees; County debt service obligation; 2006 Library Bond Act

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Replace Entrance Canopy at Salida Regional Library

Board Priority: A strong local economy
CIP Category: Future Project/Pending Analysis Location: Salida
Lead Department: **Library**

Replace the outdoor patio canopy at the entrance of the Nick W. Blom Salida Regional Library. The existing structure is deteriorating after 30+ years of exposure and will require replacement.

Start/Completion Year: 2008 - 2009 Reference Plan:
Other Stakeholders: Library

Total Project Cost (est.): \$250,000 *If Checked below:*
County Cost of Project: \$250,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: To be determined

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Project plan currently being developed and pending approval by Board.

Stanislaus County

Striving to be the Best

A strong agricultural economy/heritage

COUNTY DEPARTMENTS

Agricultural Commissioner
Cooperative Extension

A STRONG AGRICULTURAL ECONOMY/HERITAGE

Introduction

Recognizing the vital role that agriculture plays in our community, the Stanislaus County Board of Supervisors adopted a new priority to support our county's strong agriculture economy and heritage. Agriculture is the County's number one industry generating close to \$2 billion a year in agriculture income. Farmland conversion, air pollution, soil salinity and drainage, and agricultural water supply and water quality are major issues to be addressed if Stanislaus County is to remain an important and vital agriculture area. Equally important is the preservation of our unique agriculture heritage.

The Agricultural Commissioner's Office supports and protects the well being of agriculture and the community through the oversight of pesticide application, storage of agricultural products, certification of exports, prevention of the entry and spread of harmful insects, weeds, and plant diseases and the certification of agricultural product quality. The University of California Cooperative Extension conducts research and educational programs tailored to the needs of Stanislaus County, and provides oversight of 4H youth development programs. These programs are critical to preserving and protecting agriculture in our community and supporting the growth of our agriculture industry of tomorrow.

The following section lists those Capital Improvement Plan projects that support the Board of Supervisors' priority of "A strong agricultural economy/heritage" based on the lead department assigned to each project. A summary of the projects by department is followed by a detailed listing of the individual project information, provided in implementation category order.

Specific information for any project may be located by referencing the indices provided in the back of this document.

A WELL-PLANNED INFRASTRUCTURE SYSTEM

Introduction

A well-planned infrastructure is essential to the quality of life for the residents of Stanislaus County and to the maintenance and expansion of a robust economy. A clean water source is imperative for sustaining our agricultural and industrial economies, as well as the natural environment. Improving water quality and availability and promoting effective liquid and solid waste disposal will improve not only the quality of life for our residents, but also protect our natural resources. Developing a regional approach to transportation circulation will help improve residents' ability to navigate through the community, and support the movement of goods and services.

The Department of Environmental Resources strives to improve the quality of life for our community through education, investigation and inspection services in Hazardous Materials, Solid Waste Management, Code Enforcement, Environmental Health and Milk and Dairy. The Parks and Recreation Department acquires, develops and maintains recreation areas serving every segment of society, including the disabled and the economically disadvantaged in ways that will provide the best possible experience for people to enjoy the out-of-doors at the most reasonable costs. The Planning and Community Development Department provides information and assistance to the general public on land use issues and implements and finances redevelopment projects in blighted areas of the County. The Public Works Department provides building permit services, regional transportation planning, construction and management of roads and bridges, landfill services and incineration of municipal solid waste, and operation of inter-city transit services.

The following section lists those Capital Improvement Plan projects that support the Board of Supervisors' priority of "A well-planned infrastructure system" based on the lead department assigned to each project. A summary of the projects by department is followed by a detailed listing of the individual project information, provided in implementation category order.

Specific information for any project may be located by referencing the indices provided in the back of this document.

Expansion of Household Hazardous Waste Collection Facility Storage

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Modesto
Lead Department: **Environmental Resources**

Install a steel ridged frame, pre-engineered building extension with steel panel roof with concrete slab floor at the Household Hazardous Waste Collection Facility

Start/Completion Year: 2006 - 2007 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$344,000 *If Checked below:*
County Cost of Project: \$200,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees; State Grant IWMB

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Current in the planning phase.

Empire Neighborhood Park Community Pool **2003.023**

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Empire
Lead Department: **Parks and Recreation**

Design and construct a new community pool facility at the site of the Empire Neighborhood Park, including restrooms, showers and changing facilities, lifeguard facilities, storage and a small admission/office space.

Start/Completion Year: 2006 - 2007 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$2,745,000 *If Checked below:*
County Cost of Project: \$2,745,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Community donations and private funding; State grants \$1,895,000; PFF \$410,000

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Current in the planning phase.

Frank Raines Off Highway Vehicle Park Fence

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: West Hills
Lead Department: **Parks and Recreation**

Design and construct fence work at Frank Raines Off Highway Vehicle Park.

Start/Completion Year: 2006 - 2010 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$50,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State Off Highway Vehicle Grant Funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Frank Raines Regional Park Water System Improvements **2003.003**

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: West Hills
Lead Department: **Parks and Recreation**

Improvements to drinking water system at Frank Raines Regional Park.

Start/Completion Year: 2006 - 2009 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$650,000 *If Checked below:*
County Cost of Project: \$650,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Proposition 40 (\$166,000); Poss. OHV funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

New Salida Park Development

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Salida
Lead Department: **Parks and Recreation**
Development and construction of a new Salida park.

Start/Completion Year: 2008 - 2011 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$2,700,000 *If Checked below:*
County Cost of Project: \$1,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Tobacco Settlement Funds; Prop. 40 RZH \$404,000; PFF \$275,000; Balance TBD.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.
Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.
Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Riverdale Fishing Access Development **2002.092**

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Modesto
Lead Department: **Parks and Recreation**
Design and construct a fishing access at the Tuolumne River.

Start/Completion Year: 2006 - 2007 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$760,000 *If Checked below:*
County Cost of Project: \$0 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State Prop 12 (\$531,000); State Prop 40/Tuolumne River Coalition (\$140,000); RZH \$56,700; FERC Settlement (\$32,500)

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.
Project Approval Status: Project plan has been reviewed and approved by the Board of Supervisors.
Project Status:: Project is currently underway.

Woodward Reservoir Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: East County
Lead Department: **Parks and Recreation**

Design and construction of improvements to the existing Woodward Reservoir Park facilities.

Start/Completion Year: 2006 - 2010 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$5,000,000 *If Checked below:*
County Cost of Project: \$3,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: South San Joaquin Irrigation District funds (\$1,000,000); Balance General Fund, PFF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Burbank Paradise Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: West Modesto
Lead Department: **Parks and Recreation**

Design and construct improvements to Burbank Paradise Park.

Start/Completion Year: 2010 - 2020 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$500,000 *If Checked below:*
County Cost of Project: \$120,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Fairview Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Parks and Recreation**
Design and construct improvements to Fairview Park.

Start/Completion Year: 2008 - 2012 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$1,400,000 *If Checked below:*
County Cost of Project: \$600,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Frank Raines Regional Park Upgrade

2002.097

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: West Hills
Lead Department: **Parks and Recreation**

Design and construct improvements to Frank Raines Regional Park. Project will improve trails on acquired upper 800 acre site in OHV park and include campground improvements.

Start/Completion Year: 2007 - 2012 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$2,000,000 *If Checked below:*
County Cost of Project: \$2,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Hatch Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Keyes
Lead Department: **Parks and Recreation**

Design and construct improvements to Hatch Park and Community Center.

Start/Completion Year: 2009 - 2012 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$1,800,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Possible Redevelopment Funds; Other Funding TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.
Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Hickman Neighborhood Park Property Acquisition and Development 2002.089

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Hickman
Lead Department: **Parks and Recreation**

Acquire property, design and develop a new neighborhood park in Hickman.

Start/Completion Year: 2010 - 2015 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$4,000,000 *If Checked below:*
County Cost of Project: \$350,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.
Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Laird Regional Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Grayson
Lead Department: **Parks and Recreation**

Design and construct improvements to Laird Regional Park.

Start/Completion Year: 2010 - 2013 Reference Plan: Parks Master Plan, 1999
Other Stakeholders: Sheriff

Total Project Cost (est.): \$3,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Las Palmas Fishing Access and Riparian Restoration

2002.087

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: West County
Lead Department: **Parks and Recreation**

Design and construct a fishing access site and riparian habitat restoration project at Las Palmas/San Joaquin River.

Start/Completion Year: 2010 - 2020 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$175,000 *If Checked below:*
County Cost of Project: \$150,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Modesto Reservoir Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: East County
Lead Department: **Parks and Recreation**

Design and construct improvements to existing park facilities at Modesto Reservoir.

Start/Completion Year: 2007 - 2015 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$2,000,000 *If Checked below:*
County Cost of Project: \$2,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.
Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Modesto Reservoir Water Ski Facility

2003.004

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: East County
Lead Department: **Parks and Recreation**

Development of a new ADA-accessible water ski and boating facility.

Start/Completion Year: 2007 - 2010 Reference Plan: Parks Master Plan
Other Stakeholders:

Total Project Cost (est.): \$500,000 *If Checked below:*
County Cost of Project: \$500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Grant/Private funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.
Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: Current in the planning phase.

Mono Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Parks and Recreation**
Design and construct improvements to Mono Park.

Start/Completion Year: 2008 - 2010 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.
Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

New South County Regional Park Property Acquisition **2002.099**

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: South County
Lead Department: **Parks and Recreation**
Acquire property for a new regional park in the south county.

Start/Completion Year: 2010 - 2020 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$3,000,000 *If Checked below:*
County Cost of Project: \$3,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: Current in the planning phase.

Parklawn Park Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Ceres
Lead Department: **Parks and Recreation**

Design and construct improvements to Parklawn Park.

Start/Completion Year: 2010 - 2012 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.
Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Shiloh Fishing Access Development **2002.093**

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: West County
Lead Department: **Parks and Recreation**

Design and construct a fishing access at the Tuolumne River near the San Joaquin River.

Start/Completion Year: 2010 - 2012 Reference Plan: Parks Master Plan, 1999
Other Stakeholders:

Total Project Cost (est.): \$350,000 *If Checked below:*
County Cost of Project: \$350,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: No funding sources are available at this time to move this project past the study/review phase.
Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Conceptual plan included in a broader master planning effort pending approval by Board.

Robertson Road Sewer Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: West Modesto
Lead Department: **Planning/Community Development**

Sewer infrastructure to serve the residential neighborhood generally bounded by Robertson Road on the north; John Street on the south; Hayes Street on the east and Carpenter Road on the west.

Start/Completion Year: 2005 - 2006 Reference Plan:
Other Stakeholders: City of Modesto; County Public Works

Total Project Cost (est.): \$2,300,000 *If Checked below:*
County Cost of Project: \$2,300,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Community Development Block Grant \$800,000; Budgeted in 2002-2006 Work Plans

___ "x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project plan has been reviewed and approved by the Board of Supervisors.

Project Status:: Project is currently underway.

Keyes Storm Drain Improvements

2002.046

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Keyes
Lead Department: **Planning/Community Development**

Storm drain improvements to serve the older portion of Keyes. Area generally bounded by Anna Avenue on the north; Nunes Road on the south; 10th Street on the east and SR 99 on the west.

Start/Completion Year: 2005 - 2007 Reference Plan: Redevelopment Plan
Other Stakeholders: Redevelopment Agency; County Public Works; County Parks

Total Project Cost (est.): \$17,000,000 *If Checked below:*
County Cost of Project: \$15,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Tax allocation bond revenue and property tax increment revenue

___ "x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project plan has been reviewed and approved by the Board of Supervisors.

Project Status:: Current in the planning phase.

Airport District Sewer, Storm Drain and Sidewalk Improvements

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Planning/Community Development**

Public infrastructure (storm drain, sidewalk) to serve the residential neighborhood generally bounded by Yosemite Boulevard on the north; Oregon Drive on the south; Conejo Avenue on the east and Santa Rosa Avenue on the west.

Start/Completion Year: 2007 - 2009 Reference Plan: Redevelopment Plan
Other Stakeholders: Redevelopment Agency; County Public Works; City of Modesto; Co Planning; Comm Dev Block Grant

Total Project Cost (est.): \$6,500,000 *If Checked below:*
County Cost of Project: \$6,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Redev. Funds; Tobacco Settlement Funds; Road Fund; Comm Devlpmnt Block Grant

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Current in the planning phase.

Empire Sewer, Storm Drain and Sidewalk Improvements

2002.049

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Empire
Lead Department: **Planning/Community Development**

Public infrastructure (sewer, storm drain, sidewalk) to serve the residential neighborhood generally bounded by McCoy Avenue on the north; MID Lateral Canal on the south; Abbie Street on the east and "A" Street on the west.

Start/Completion Year: 2008 - 2010 Reference Plan: Redevelopment Plan
Other Stakeholders: Redevelopment Agency; Empire Sanitary District; City of Modesto; Co Public Works; Caltrans

Total Project Cost (est.): \$9,800,000 *If Checked below:*
County Cost of Project: \$9,800,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Redevelopment Funds; Tobacco Settlement Funds; Road Funds; Community Development Block Grant

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Current in the planning phase.

West Modesto Sewer, Storm Drain, Sidewalk Infrastructure

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: West Modesto
Lead Department: **Planning/Community Development**

Public infrastructure (sewer, storm drain, sidewalk) to serve the residential neighborhood generally bounded by Paradise Road on the north; the Tuolumne River on the south; Martin Luther King/Sutter Avenue on the east and Carpenter Road on the west.

Start/Completion Year: 2007 - 2015 Reference Plan:
Other Stakeholders: Co Public Works; City of Modesto; Weed & Seed Program

Total Project Cost (est.): \$51,500,000 *If Checked below:*
County Cost of Project: \$51,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Community Development Block Grant funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Fink Road Landfill Biomass Facility **2006.199**

Board Priority: A well-planned infrastructure system 10.10
CIP Category: Approved/Funded Location: West Hills
Lead Department: **Public Works/Landfill**

Construct/modify present landfill to a biomass facility to generate methane gas and recover costs through the sale of energy. Misc. priority 2.

Start/Completion Year: 2007 - 2012 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,550,000 *If Checked below:*
County Cost of Project: \$2,550,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$2.0 million Landfill Enterpirse fund; \$250k State grant; \$200k TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Fink Road Landfill -- Recycling Center

2006.156

10.20

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Crows Landing
Lead Department: **Public Works/Landfill**

Construct a recycling center with hazardous material collection at the Fink Road Landfill to reduce the amount of solid waste being deposited and thereby extend the life of the current facility. Priority: 3.

Start/Completion Year: 2007 - 2012 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$5,750,000 *If Checked below:*
County Cost of Project: \$5,750,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Landfill Enterprise fund; State Waste Board Grant

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Albers Road at Milnes Road Traffic Signals

2006.086

1.22

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Riverbank
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and required widening at the intersection of Albers Road and Milnes Road. Signal Priority: 5.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,038,871 *If Checked below:*
County Cost of Project: \$2,038,871 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Carpenter Road at Beverly Drive and Robertson Road Traffic Signals

2006.089

2.00

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: West Modesto

Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersections of Carpenter Road and Beverly Drive and at Robertson Road. Signal Priority: 7.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$940,000 *If Checked below:*
County Cost of Project: \$107,818 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$107,818 County Road fund; \$832,182 RSTP

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Carpenter Road Realignment-1.5 Miles North of Crows Landing Road

2006.049

2.50

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Mountain View

Lead Department: **Public Works/Roads and Traffic**

Realign reversing curves to current geometric standards on the north end of Carpenter Road. Construction Priority: 5.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$370,000 *If Checked below:*
County Cost of Project: \$37,439 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$37,439 Public Works budget; \$327.561 RSTP funds; \$5,000 State match

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Geer Road at Santa Fe Avenue Traffic Signals

2006.084

11.12

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Geer Road and Santa Fe Avenue.
Signal Priority: 4.

Start/Completion Year: 2008 - 2009 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,247,697

If Checked below:

County Cost of Project: \$2,247,697

Full Funding has been identified for this project.

Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Geer Road at Service Road Traffic Signals

2006.087

11.22

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Geer Road and Service Road. Signal
Priority: 5.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,038,811

If Checked below:

County Cost of Project: \$2,038,811

Full Funding has been identified for this project.

Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Geer Road at Whitmore Avenue Traffic Signals

2006.088

11.24

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Geer Road and Whitmore Avenue.

Signal Priority: 6

Start/Completion Year: 2008 - 2009 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,038,811

If Checked below:

County Cost of Project: \$2,038,811

Full Funding has been identified for this project.

Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Grayson Road at Laird Slough (San Joaquin River) Seismic Bridge Re

2006.086

13.00

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Grayson

Lead Department: **Public Works/Roads and Traffic**

Repair the existing seismically deficient bridge to make it able to withstand an anticipated seismic event. PW Priority: 1

Start/Completion Year: 2000 - 2010 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$250,000

If Checked below:

County Cost of Project: \$25,000

Full Funding has been identified for this project.

Board of Supervisors has approved funding of this project.

Source of Funds: \$225,000 HBRR Programmed

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Hatch Road Widening -- Phase 1 -- Turn Lanes

2006.195

14.10

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Install turn lanes at the intersections of Hatch Road and Faith Home, Clinton and Gilbert Roads. PW construction priority 1.

Start/Completion Year: 2006 - 2008 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,130,000

If Checked below:

Full Funding has been identified for this project.

County Cost of Project: \$2,130,000

Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Keyes Improvement Project -- Phase 1: Storm Drain Pump Stn and Po

2006.047

9.10

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Keyes

Lead Department: **Public Works/Roads and Traffic**

Install the storm drain pump and modify the storm drainage basin in Keyes in anticipation of the remaining installation of curb and gutter in Spring 2007. Public Works, County Redevelopment partnership. Construction Priority: 3.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$4,000,000

If Checked below:

Full Funding has been identified for this project.

County Cost of Project: \$4,000,000

Board of Supervisors has approved funding of this project.

Source of Funds: Sale of Redevelopment bonds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Keys Improvement Project -- Phase 2

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Keyes
Lead Department: **Public Works/Roads and Traffic**
Install curb, gutter and storm drainage in the Town of Keyes

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$9,000,000 *If Checked below:*
County Cost of Project: \$9,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Redevelopment funds are obligated

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

La Grange Road at Tuolumne River Bridge Bearing Pad Repair **2006.010**

Board Priority: A well-planned infrastructure system 17.00
CIP Category: Approved/Funded Location: La Grange
Lead Department: **Public Works/Roads and Traffic**

The bearing pads (those pads that cushion the bridge from the bridge abutment) have crushed. This project replaces the crushed bearing pads with new materials. PW Priority: 5

Start/Completion Year: 2000 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$213,501 *If Checked below:*
County Cost of Project: \$22,161 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$22,161: Co Public Works; \$190,340 RSTP; \$1,000 State Match

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

McHenry Avenue at Ladd Road Traffic Signals

2006.083

22.12

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Del Rio
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of McHenry Avenue and Ladd Road.
Signal Priority: 2.

Start/Completion Year: 2006 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,793,254 *If Checked below:*
County Cost of Project: \$1,793,254 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Road Maintenance -- Asphalt Paving by Local Forces Program 2007

2006.017

32.10

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Asphalt paving of approximately 62.7 miles of County roadways over the next 10 years by local forces as a maintenance function. This is an annual contribution toward a 10-year program. PW Maintenance Priority 1.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$400,000 *If Checked below:*
County Cost of Project: \$400,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Road Fund

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Road Maintenance - Grinding Program 2007

2006.026

32.30

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2006 - 2016 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$100,000 *If Checked below:*
County Cost of Project: \$100,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Road Maintenance -- Resurfacing by Local Forces 2007

2006.162

32.40

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$125,000 *If Checked below:*
County Cost of Project: \$125,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Santa Fe Avenue at Hatch Road Traffic Signals

2006.085

44.14

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Santa Fe Avenue and Hatch Road. Will require modification of the railroad crossing at the TID Main Canal bridge. Signal Priority: 4.

Start/Completion Year: 2008 - 2010 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,247,697 *If Checked below:*
County Cost of Project: \$2,249,697 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Shiloh Road at Tuolumne River - Seismic Bridge Repair

2006.007

45.00

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: West County

Lead Department: **Public Works/Roads and Traffic**

Repair the existing seismically deficient bridge to make it able to withstand an anticipated seismic event. PW Priority: 2

Start/Completion Year: 2000 - 2008 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$798,525 *If Checked below:*
County Cost of Project: \$80,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: \$718,525 HBRR Programmed

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Sperry Avenue Widening: Baldwin Road to Interstate 5

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Patterson
Lead Department: **Public Works/Roads and Traffic**

Widen roadway to 5 lanes and replace and widen the bridge over the Delta Mendota Canal.
Construction Priority: 101.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$6,980,000 *If Checked below:*
County Cost of Project: \$6,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$6,500,000 Public Facilities Fees; 480,000 TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project plan has been reviewed and approved by the Board of Supervisors.

Project Status:: Project is currently underway.

SR 132 (Yosemite Boulevard) Widening -- Phase 1

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Empire
Lead Department: **Public Works/Roads and Traffic**

Widen Yosemite Boulevard (SR 132) between Riverside Drive and Codoni Road to four lanes --
Phase 1. Being spearheaded by StanCOG. Phase 2 (yet to be scoped) is from Codoni to Empire.
Construction Priority: 2.

Start/Completion Year: 2003 - 2009 Reference Plan: PW-CIP
Other Stakeholders: StanCOG

Total Project Cost (est.): \$11,607,000 *If Checked below:*
County Cost of Project: \$0 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$15,634,000 STIP; \$2,880,000 Demo [\$6,907,000 OVER FUND]

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

SR 132 at Geer/Albers Road Traffic Signals

2006.211

11.34

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the Geer Road/Albers Road intersection with SR 132 (Yosemite Boulevard.)
Signal priority 1.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$1,747,697

If Checked below:

Full Funding has been identified for this project.

County Cost of Project: \$1,747,697

Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 219 (Kiernan Avenue) Widening -- Phase 1

2006.121

51.20

Board Priority: A well-planned infrastructure system

CIP Category: Approved/Funded Location: Salida

Lead Department: **Public Works/Roads and Traffic**

Widen Kiernan Avenue (SR 219) between SR 99 and Dale Road to four lanes and signals at Dale Road and Stoddard Road. Requires the cooperation of Caltrans and the City of Modesto.

Construction Priority: 1.

Start/Completion Year: 2007 - 2014 Reference Plan: PW-CIP

Other Stakeholders: State of California; City of Modesto

Total Project Cost (est.): \$53,580,000

If Checked below:

Full Funding has been identified for this project.

County Cost of Project: \$2,000,000

Board of Supervisors has approved funding of this project.

Source of Funds: \$2 mil - Kaiser CEQA mitigation fund; \$50,480,000 STIP; \$1.1 mil Demo

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

SR 99 at Hammett Road Interchange Project Study Report

2006.117

52.10

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Salida
Lead Department: **Public Works/Roads and Traffic**

Project Study Report (PSR) for the design and replacement of the Hammett Road Interchange at Highway 99. Misc. Priority: 1.

Start/Completion Year: 2005 - 2007 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$232,800 *If Checked below:*
County Cost of Project: \$232,800 Full Funding has been identified for this project.
Source of Funds: \$232,800 Development fees Board of Supervisors has approved funding of this project.

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

SR 99 at SR 219 (Kiernan Avenue) Project Study Report

2006.210

52.20

Board Priority: A well-planned infrastructure system
CIP Category: Approved/Funded Location: Salida
Lead Department: **Public Works/Roads and Traffic**

Project Study Report (PSR) for the replacement of the Kiernan Avenue interchange at SR 99. Miscellaneous priority: 2

Start/Completion Year: 2005 - 2007 Reference Plan: PW-CIP
Other Stakeholders: Caltrans

Total Project Cost (est.): \$232,800 *If Checked below:*
County Cost of Project: \$0 Full Funding has been identified for this project.
Source of Funds: Funded by developer contributions. Board of Supervisors has approved funding of this project.

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Compressed Natural Gas Maintenance Facilities

2006.116

4.10

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Various
 Lead Department: **Public Works/Roads and Traffic**

Construct a facility for the maintenance and repair of CNG vehicles. Specialized CNG facility requirements apply. Cooperative program with Riverbank; County's share of cost = approx. 40%.
 Construction Priority: 4.

Start/Completion Year: 2000 - 2009 Reference Plan: PW-CIP
 Other Stakeholders: City of Riverbank

Total Project Cost (est.): \$870,000 *If Checked below:*
 County Cost of Project: \$40,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: \$40K Public Works budget; \$60K Riverbank; \$770K CMAQ

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Compressed Natural Gas Vehicle Purchase 2005-2007

2006.202

4.20

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Purchase "Compressed Natural Gas" vehicles to replace vehicles in existing maintenance fleet, thereby improving air quality by having lowered vehicle emissions. Misc priority 4.

Start/Completion Year: 2005 - 2007 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$809,922 *If Checked below:*
 County Cost of Project: \$809,922 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: \$92,899 County Morgan Road budget; \$717,023 CMAQ

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Crows Landing Road at San Joaquin River - Seismic Bridge Repair

2006.009

5.62

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Crows Landing
Lead Department: **Public Works/Roads and Traffic**

Replace the existing seismic deficient bridge across the San Joaquin River with a new structure.
PW Priority: 4.

Start/Completion Year: 2000 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$19,612,193 *If Checked below:*
County Cost of Project: \$1,961,219 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$6 million: HBRR programmed (FTIP);Co. Public Works budget

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Geer Road at Hatch Road Traffic Signals

2006.112

72

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Hughson
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Geer Road and Hatch Road. Requires widening of the bridge across TIS Main Canal and modification of the railroad crossing. Signal Priority: 101.

Start/Completion Year: 2006 - 2006 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,038,811 *If Checked below:*
County Cost of Project: \$2,038,811 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Geer Road at Tuolumne River Bridge Replacement

2006.008

11.32

Board Priority: A well-planned infrastructure system

CIP Category: Pending Implementation Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Study and environmental analysis to replace a seismically deficient bridge located on Geer Road at its crossing of the Tuolumne River. PW Priority: 3.

Start/Completion Year: 1999 - 2009 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$25,446,257 *If Checked below:*
County Cost of Project: \$2,544,625 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$277,875 HBRR Programmed

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Ladd Road at Carver Road Traffic Signals

2006.157

18.00

Board Priority: A well-planned infrastructure system

CIP Category: Pending Implementation Location: Del Rio

Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of Ladd and Carver Roads and realign the south leg of the offset intersection to line up with the north leg. Public Works priority: 8.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,038,811 *If Checked below:*
County Cost of Project: \$2,038,811 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Las Palmas Avenue at Elm Avenue Traffic Signals

2006.090

19.10

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Patterson
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of Las Palmas Avenue and Elm Avenue in the Patterson area. Signal Priority: 9.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,547,697 *If Checked below:*
County Cost of Project: \$1,547,697 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Las Palmas Avenue at Sycamore Avenue Traffic Signals

2006.091

19.20

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Patterson
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of Las Palmas Avenue and Sycamore Avenue in the Patterson area. Signal Priority: 10.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,547,697 *If Checked below:*
County Cost of Project: \$1,547,697 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

McHenry Avenue at Stanislaus River Seismic Bridge Repair

2006.012

22.22

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Riverbank
Lead Department: **Public Works/Roads and Traffic**

Replace the existing seismic deficient bridge across the Stanislaus River. The project lead for design and construction is San Joaquin County. There are two structures: one across the river, the other across the flood plain. PW Priority: 7.

Start/Completion Year: 2000 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$18,164,594 *If Checked below:*
County Cost of Project: \$1,816,459 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$1 million: Co Public Works; \$6 million: HBR programmed

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Mitchell Road Bridge at Tuolumne River Approach Slab Repair

2006.015

23.00

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Modesto
Lead Department: **Public Works/Roads and Traffic**

Repair concrete approach slabs on the Mitchell Road bridge across the Tuolumne River. Approach slabs are the transition between the roadway and the bridge. It appears that these transition pieces at this location have cracked are settling.

Start/Completion Year: 2000 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$215,000 *If Checked below:*
County Cost of Project: \$20,160 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$20,160 Co. Public Works; \$190,340 RSTP; \$5,000 State Match

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Non-Motorized Mode of Transportation Master Plan -- 2006

2006.120

24.00

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

A joint effort of StanCOG, various cities and the County to comply with a federally-required planning document for the use of Non-Motorized funding. Misc. Priority: 6.

Start/Completion Year: 2005 - 2008 Reference Plan: PW-CIP
Other Stakeholders: StanCOG; various cities

Total Project Cost (est.): \$150,000 *If Checked below:*
County Cost of Project: \$10,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$10K Public Works budget; \$132,000 RSTP; \$8K City funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Pavement Management System Update

2006.119

26.00

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Analyze County roadways to catalog, suggest, prioritize and recommend maintenance procedures. Misc. Priority: 7.

Start/Completion Year: 2005 - 2009 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$630,000 *If Checked below:*
County Cost of Project: \$14,400 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$14,400 Public Works budget; \$558,000 RSTP; \$57,600 City funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Pelandale Avenue at Sisk Road Traffic Signals

2006.196

27.00

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Salida
Lead Department: **Public Works/Roads and Traffic**

This is a contribution to a City of Modesto project to reconstruct and modify traffic signals at the interchange. PW Construction priority 35.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders: City of Modesto

Total Project Cost (est.): \$550,000 *If Checked below:*
County Cost of Project: \$487,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: STIP; \$63,000 City of Modesto

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Resurfacing Program 2004/2005

2006.030

29.20

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Place an asphalt overlay and/or rubberized chip on approximately 10 miles of County roadways. Roads have yet to be identified. PW Overlay Priority: 2.

Start/Completion Year: 2004 - 2007 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,578,092 *If Checked below:*
County Cost of Project: \$1,578,092 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$ 181,009 County Public Works Budget; \$1,397,083 RSTP

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing Program: 2003/2004

2006.029

29.10

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Place and asphalt and/or rubberized chip on approximately 10 miles of County roadways. Roads have yet to be identified. PW Overlay Priority: 1.

Start/Completion Year: 2003 - 2007 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,578,092 *If Checked below:*
County Cost of Project: \$157,809 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$181,009 County Public Works budget; \$1,397,083 RSTP

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Project Status:: Current in the planning phase.

Resurfacing-Asphalt Overlay 1(Crane, Mitchell, Montellier, Gratton Ro

2006.034

30.10

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Various
Lead Department: **Public Works/Roads and Traffic**

Placement of an asphalt overlay on the existing surface of the following roads: Crane Rd fm Patterson north to its end; Mitchell Rd from Tuolumne Riv to Finch Road; Montellier Rd from Keyes Road to Merced County; Gratton Rd from Main Street to Keyes Rd

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,625,000 *If Checked below:*
County Cost of Project: \$162,500 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$162,500 County Road fund; \$1,462,500 Federal Highway fund

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing-Asphalt Overlay 2 (Claribel, 26 Mile and Beckwith Roads)

2006.033

30.20

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Various
Lead Department: **Public Works/Roads and Traffic**

Placement of an asphalt overlay on the existing surface of the following roads: Claribel Road from Claus to Albers Roads; 26 Mile Road from SR 120 to Dorsey Road; and Beckwith Road from SR 99 to Gates Road. Overlay Priority: 5.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,625,000 *If Checked below:*
County Cost of Project: \$162,500 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$162,500 County Road Fund; \$1,462,500 Federal Highway funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing-Asphalt Overlay 3 (Walnut, McHenry, McWilliams Avenue)

2006.032

30.30

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Various
Lead Department: **Public Works/Roads and Traffic**

Place an asphalt overlay on the existing road surfaces of Walnut Avenue from Bradbury to Turlock, McHenry Avenue from Ladd Road to the San Joaquin County line and on Woodland Avenue from McWilliams Ave. to City of Modesto. Overlay Priority: 4.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,665,000 *If Checked below:*
County Cost of Project: \$65,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$65,000 County Road fund; \$1,600,000 Federal funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing-Asphalt Overlay 4 (Jennings/Keyes Road)

2006.031

30.40

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Mountain View
Lead Department: **Public Works/Roads and Traffic**

Placement of an asphalt overlay on the existing surface of Jennings Road from Keyes Road to West Main, and on Keyes Road from Crows Landing Road to Carpenter Road. PW Overlay Priority: 3.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,420,000 *If Checked below:*
County Cost of Project: \$1,420,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$142,000 County Road Fund; \$1,278,000 RSTIP

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing-Asphalt Overlay 5 (Oakdale/Waterford Hwy, Sonora Rd, M

2006.035

30.50

Board Priority: A well-planned infrastructure system

CIP Category: Pending Implementation Location: Various

Lead Department: **Public Works/Roads and Traffic**

Placement of an asphalt overall on the existing road surface: Oakdale/Waterford Hwy from Milnes to Patterson Rds; Sonora Rd from Orange Blossom Rd to 2.25 mi north; and on Milton Rd fr 1/2 mi south of Dunton Rd to SR 4. Overlay Priority: 7.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,025,000 *If Checked below:*
County Cost of Project: \$202,500 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$202,500 County road fund; \$1,822,500 STIP

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing-Chip Seal 2 (Hickman, Sierra, La Grange, Valley Home, R

2006.043

31.20

Board Priority: A well-planned infrastructure system

CIP Category: Pending Implementation Location: Various

Lead Department: **Public Works/Roads and Traffic**

Chip seal: Hickman Rd fr East Ave to Tuolumne Rd; Sierra Rd fr Oakdale to Wamble Rd; La Grange Rd fr Merced Co to Yosemite Blvd; Valley Home Rd fr SR 120 to San Joaquin Co; Rodden Rd fr SR 120 to Orange Blossom Rd. Overlay Priority: 2.

Start/Completion Year: 2006 - 2007 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$1,819,000 *If Checked below:*
County Cost of Project: \$209,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$209,000 County Road funds; \$1,610,000 Federal funds TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing-Chip Seal 3 (River, Keyes and Gates Roads)

2006.042

Board Priority: A well-planned infrastructure system

31.30

CIP Category: Pending Implementation Location: Various

Lead Department: **Public Works/Roads and Traffic**

Placement of rubberized chip seal on the following roads: River Rd fr Crows Landing Rd to Hills Ferry; Keyes Rd from Geer to Santa Fe Rds; Gates Rd from Bacon Rd to SR132. Overlay Priority: 1.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$1,578,083 *If Checked below:*
 ___ Full Funding has been identified for this project.
 County Cost of Project: \$157,809 ___ Board of Supervisors has approved funding of this project.

Source of Funds: \$157,809 County Road fund; \$1,420,274 RTIP programmed

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Resurfacing-Chip Seal Church, Milnes, Milton, Patterson & Rodden Rd

2006.184

Board Priority: A well-planned infrastructure system

31.10

CIP Category: Pending Implementation Location: Empire

Lead Department: **Public Works/Roads and Traffic**

Install rubberized chip seal on Church, Milnes, Milton, Patterson and Rodden Roads. Chip Seal priority: 4.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$1,580,000 *If Checked below:*
 ___ Full Funding has been identified for this project.
 County Cost of Project: \$1,580,000 ___ Board of Supervisors has approved funding of this project.

Source of Funds: \$1,422,000 RSTP; \$158,000 County Road Fund.

___ "x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Asphalt Paving by Local Forces Program 2008

2006.145

32.11

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Asphalt paving of approximately 62.7 miles of County roadways over the next 10 years by local forces as a maintenance function. This is an annual contribution toward a 10-year program. PW Maintenance Priority 1.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$420,000 *If Checked below:*
County Cost of Project: \$420,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Asphalt Paving by Local Forces Program 2009

2006.146

32.12

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Asphalt paving of approximately 62.7 miles of County roadways over the next 10 years by local forces as a maintenance function. This is an annual contribution toward a 10-year program. PW Maintenance Priority 1.

Start/Completion Year: 2008 - 2009 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$441,000 *If Checked below:*
County Cost of Project: \$441,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Asphalt Paving by Local Forces Program 2010

2006.147

32.13

Board Priority: A well-planned infrastructure system

CIP Category: Pending Implementation Location: Countywide

Lead Department: **Public Works/Roads and Traffic**

Asphalt paving of approximately 62.7 miles of County roadways over the next 10 years by local forces as a maintenance function. This is an annual contribution toward a 10-year program. PW Maintenance Priority 1.

Start/Completion Year: 2009 - 2010 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$463,050

If Checked below:

Full Funding has been identified for this project.

County Cost of Project: \$463,050

Board of Supervisors has approved funding of this project.

Source of Funds: County Road Funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Asphalt Paving by Local Forces Program 2011

2006.148

32.14

Board Priority: A well-planned infrastructure system

CIP Category: Pending Implementation Location: Countywide

Lead Department: **Public Works/Roads and Traffic**

Asphalt paving of approximately 62.7 miles of County roadways over the next 10 years by local forces as a maintenance function. This is an annual contribution toward a 10-year program. PW Maintenance Priority 1.

Start/Completion Year: 2010 - 2011 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$486,202

If Checked below:

Full Funding has been identified for this project.

County Cost of Project: \$486,202

Board of Supervisors has approved funding of this project.

Source of Funds: County Road Funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Asphalt Paving by Local Forces Program 2012

2006.149

32.15

Board Priority: A well-planned infrastructure system

CIP Category: Pending Implementation Location: Countywide

Lead Department: **Public Works/Roads and Traffic**

Asphalt paving of approximately 62.7 miles of County roadways over the next 10 years by local forces as a maintenance function. This is an annual contribution toward a 10-year program. PW Maintenance Priority 1.

Start/Completion Year: 2011 - 2012 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$510,513 *If Checked below:*
County Cost of Project: \$510,513 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: County Road Funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2008

2006.136

32.31

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$105,000 *If Checked below:*
County Cost of Project: \$105,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Road Maintenance -- Grinding Program 2009

2006.137

32.32

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2008 - 2009 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$110,250 *If Checked below:*
County Cost of Project: \$110,250 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2010

2006.138

32.33

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2009 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$115,762 *If Checked below:*
County Cost of Project: \$115,762 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2011

2006.139

32.34

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2010 - 2011 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$121,551 *If Checked below:*
County Cost of Project: \$121,551 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2012

2006.140

32.35

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2011 - 2012 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$127,628 *If Checked below:*
County Cost of Project: \$127,628 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2013

2006.141

32.36

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2012 - 2013 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$134,010 *If Checked below:*
County Cost of Project: \$134,010 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2014

2006.142

32.37

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2013 - 2014 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$140,710 *If Checked below:*
County Cost of Project: \$140,710 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2015

2006.143

32.38

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2014 - 2015 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$147,746 *If Checked below:*
County Cost of Project: \$147,746 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Grinding Program 2016

2006.144

32.39

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Grinding of approximately 32.36 miles of County roadways by local forces to repair road structural failures. This is an annual contribution toward a 10-year program. PW Priority: 2. See Appendix D.

Start/Completion Year: 2015 - 2016 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$155,133 *If Checked below:*
County Cost of Project: \$155,133 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Fund.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2008

2006.186

32.51

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.1.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$840,000 *If Checked below:*
County Cost of Project: \$840,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2009

2006.187

32.52

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.2.

Start/Completion Year: 2008 - 2009 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$882,000 *If Checked below:*
County Cost of Project: \$882,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2010

2006.188

32.53

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.3.

Start/Completion Year: 2009 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$926,100 *If Checked below:*
County Cost of Project: \$926,100 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2011

2006.189

32.54

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.4.

Start/Completion Year: 2010 - 2011 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$972,405 *If Checked below:*
County Cost of Project: \$972,405 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2012

2006.190

32.55

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.5.

Start/Completion Year: 2011 - 2012 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$1,021,025 *If Checked below:*
 County Cost of Project: \$1,021,025 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2013

2006.191

32.56

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.6.

Start/Completion Year: 2012 - 2013 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$1,072,077 *If Checked below:*
 County Cost of Project: \$1,072,077 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2014

2006.192

32.57

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.7.

Start/Completion Year: 2013 - 2014 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$1,125,680 *If Checked below:*
 County Cost of Project: \$1,125,680 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2015

2006.193

32.58

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.8.

Start/Completion Year: 2014 - 2015 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$1,181,964 *If Checked below:*
 County Cost of Project: \$1,181,964 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Miscellaneous by Local Forces 2016

2006.194

32.59

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward drainage, patching, crack seal, tree and vegetation maintenance, mowing, grading, shoulder repair, traffic striping, pavement markings, bridge & pump maintenance, street sweeping by local forces. PW construction priority 1.9.

Start/Completion Year: 2015 - 2016 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$1,241,063 *If Checked below:*
 County Cost of Project: \$1,241,063 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2008

2006.175

32.71

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$131,250 *If Checked below:*
 County Cost of Project: \$131,250 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Fund-Maintenance

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2009

2006.176

32.72

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2008 - 2009 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$137,812 *If Checked below:*
County Cost of Project: \$137,812 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Maintenance funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2010

2006.177

32.73

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2009 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$144,703 *If Checked below:*
County Cost of Project: \$144,703 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Funds-Maintenance

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2011

2006.178

32.74

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2010 - 2011 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$151,938 *If Checked below:*
County Cost of Project: \$151,938 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Funds-Maintenance

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2012

2006.179

32.75

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2011 - 2012 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$159,535 *If Checked below:*
County Cost of Project: \$159,535 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Maintenance funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2013

2006.180

32.76

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2012 - 2013 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$167,512 *If Checked below:*
 County Cost of Project: \$167,512 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Maintenance funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2014

2006.181

32.77

Board Priority: A well-planned infrastructure system
 CIP Category: Pending Implementation Location: Countywide
 Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2013 - 2014 Reference Plan: PW-CIP
 Other Stakeholders:

Total Project Cost (est.): \$175,888 *If Checked below:*
 County Cost of Project: \$175,888 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: County Road Maintenance funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2015

2006.182

32.78

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2014 - 2015 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$184,682 *If Checked below:*
County Cost of Project: \$184,682 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Maintenance Funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road Maintenance -- Resurfacing by Local Forces 2016

2006.183

32.79

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Install a chip or slurry seal on approximately 5 miles of County roadways per year. Chip and slurry seals replace the wearing surface and seal the roadway from the infiltration of water. Contribution toward 10 year maintenance program. Priority: 1.

Start/Completion Year: 2015 - 2016 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$193,916 *If Checked below:*
County Cost of Project: \$193,916 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: County Road Maintenance funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Golden State Boulevard Widening: Taylor Road to Keyes Road

2006.063

12.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Keyes
Lead Department: **Public Works/Roads and Traffic**

Complete the widening of Golden State Boulevard between Taylor Road and Keyes Road to five lanes. Some widening has been completed by adjacent development already. Construction Priority: 19.

Start/Completion Year: 2016 - 2018 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,132,816 *If Checked below:*
County Cost of Project: \$2,132,816 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees; CC

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Hatch Road Widening -- Phase 2

2006.072

14.20

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Hughson
Lead Department: **Public Works/Roads and Traffic**

Widen Hatch Road to five lanes between Faith Home Road and Santa Fe Avenue. Construction Priority: 26.

Start/Completion Year: 2018 - 2020 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$4,899,656 *If Checked below:*
County Cost of Project: \$4,899,656 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees; CC

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Hickman Road at Tuolumne River Bridge Replacement

2006.013

15.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Hickman
Lead Department: **Public Works/Roads and Traffic**

Replace or repair the existing seismically deficient bridge. PW Priority: 8.

Start/Completion Year: 1996 - 2015 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$18,164,594 *If Checked below:*
County Cost of Project: \$1,816,459 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$30,000 Co. Public Works; \$240,000 HBR programmed

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Hills Ferry/River Road (Merced Co.) at San Joaquin River Seismic Brid

2006.014

16.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: West County
Lead Department: **Public Works/Roads and Traffic**

FTIP project to replace the existing seismic deficient bridge across the San Joaquin River. The project lead for design and construction is Merced County. There are two structures: one across the river; the other spans the flood plain.

Start/Completion Year: 2000 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$17,245,204 *If Checked below:*
County Cost of Project: \$1,724,520 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$1 million: Co. Public Works; \$6 million: HBRR

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Keyes Road Widening: Faith Home Road to Highway 99

2006.064

8.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Keyes
Lead Department: **Public Works/Roads and Traffic**

Widen Keyes Road between Faith Home Road and Highway 99 to five lanes and provide required drainage facilities. Construction Priority: 29.

Start/Completion Year: 2020 - 2022 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,542,060 *If Checked below:*
County Cost of Project: \$1,542,060 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Lester Road at Main Street/Monte Vista Traffic Signals

2006.197

20.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Denair
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Lester Road and Monte Vista/Main Avenue. Signal priority 13.

Start/Completion Year: 2008 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,547,697 *If Checked below:*
County Cost of Project: \$1,547,697 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees; CC

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

McHenry Avenue Widening -- Phase 1

2006.065

22.10

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Del Rio
Lead Department: **Public Works/Roads and Traffic**

Widen McHenry Avenue between Ladd Road and Hogue Road to three lanes. Construction Priority: 9.

Start/Completion Year: 2009 - 2011 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$838,060 *If Checked below:*
County Cost of Project: \$838,060 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

McHenry Avenue Widening -- Phase 2

2006.068

22.20

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Del Rio
Lead Department: **Public Works/Roads and Traffic**

Widen McHenry Avenue from Hogue Road to San Joaquin County. Does not include the bridge crossing at the Stanislaus River. Construction Priority: 24.

Start/Completion Year: 2011 - 2013 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$691,045 *If Checked below:*
County Cost of Project: \$691,045 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Pelandale and Highway 99: Modify Interchange & Traffic Signals

2006.078

54.00

Board Priority: A well-planned infrastructure system

CIP Category: Future Project/Master Planned Location: Modesto

Lead Department: **Public Works/Roads and Traffic**

This is a City of Modesto lead project to reconstruct and modify traffic signals at the interchange.
Construction Priority: 8.

Start/Completion Year: 2013 - 2019 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$17,600,988 *If Checked below:*
County Cost of Project: \$0 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$487,000 STIP funds; \$63,000 City of Modesto

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Pete Miller Road at Delta Mendota Canal Seismic Bridge Repair

2006.016

28.00

Board Priority: A well-planned infrastructure system

CIP Category: Future Project/Master Planned Location: West County

Lead Department: **Public Works/Roads and Traffic**

Replace seismically deficient bridge on Pete Miller Road at Delta Mendota Canal. PW Priority: 11.

Start/Completion Year: 1995 - 2010 Reference Plan: PW-CIP

Other Stakeholders:

Total Project Cost (est.): \$2,500,000 *If Checked below:*
County Cost of Project: \$250,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$250,000 Co Public Works; \$2,250,000 HBR programmed.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Santa Fe Avenue at East Avenue Traffic Signals

2006.110

44.60

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Denair
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Santa Fe Avenue and East Avenue.
Requires modification of the railroad crossing. Signal Priority: 25.

Start/Completion Year: 2023 - 2024 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,047,697 *If Checked below:*
County Cost of Project: \$2,047,697 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 108/120 at Stearns Road Traffic Signals

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Oakdale
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of Stearns Road and Highway 108/120. Requires Caltrans coordination. Signal Priority: 4.

Start/Completion Year: 2016 - 2018 Reference Plan: PW-CIP
Other Stakeholders: City of Oakdale; Caltrans

Total Project Cost (est.): \$2,047,697 *If Checked below:*
County Cost of Project: \$1,023,849 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees, CC; City of Oakdale

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

SR 120 Widening San Joaquin County to Valley Home Road

2006.204

49.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Oakdale
Lead Department: **Public Works/Roads and Traffic**

Widen SR 120 from the San Joaquin County to Valley Home Road to four lanes; approximately 3.25 miles. Construction priority 7.

Start/Completion Year: 2017 - 2023 Reference Plan: PW-CIP
Other Stakeholders: Caltrans

Total Project Cost (est.): \$6,001,333 *If Checked below:*
County Cost of Project: \$3,000,667 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF; Caltrans

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 132 (Maze Boulevard) at River/Kasson Road Traffic Signals

2006.214

50.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: West County
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of River Road and Maze Boulevard (SR 132). Signal priority: 8.

Start/Completion Year: 2016 - 2020 Reference Plan: PW-CIP
Other Stakeholders: Caltrans

Total Project Cost (est.): \$2,047,697 *If Checked below:*
County Cost of Project: \$1,023,849 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees, RTIF; \$1,023,848 Caltrans

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Project Nbr.

SR 132 (Yosemite Blvd) Widening -- Geer/Albers Rd to Reinway Ave

2006.208

50.20

Board Priority: A well-planned infrastructure system

CIP Category: Future Project/Master Planned Location: Waterford

Lead Department: **Public Works/Roads and Traffic**

Widen SR 132 (Yosemite Boulevard) from Geer Road/Albers Road to Reinway Avenue to five lanes.
 Construction priority: 14.

Start/Completion Year: 2024 - 2030 Reference Plan: PW-CIP
 Other Stakeholders: Caltrans

Total Project Cost (est.): \$5,964,000 *If Checked below:*
 County Cost of Project: \$2,982,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees, RTIF; Caltrans

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 132 (Yosemite Boulevard) Widening -- Root Road to Geer Road

2006.207

50.30

Board Priority: A well-planned infrastructure system

CIP Category: Future Project/Master Planned Location: Hughson

Lead Department: **Public Works/Roads and Traffic**

Widen SR 132 (Yosemite Boulevard) from Rood Road to Geer Road to five lanes. Construction priority 13.

Start/Completion Year: 2023 - 2029 Reference Plan: PW-CIP
 Other Stakeholders: Caltrans

Total Project Cost (est.): \$9,059,200 *If Checked below:*
 County Cost of Project: \$4,529,600 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees, RTIF; Caltrans

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 219 (Kiernan Avenue) at SR 99 Ramp Improvements

2006.160

51.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Salida
Lead Department: **Public Works/Roads and Traffic**

Improve the ramps at the SR 219 (Kiernan Avenue) interchange with State Route 99. PW priority: 3.

Start/Completion Year: 2014 - 2016 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$609,500 *If Checked below:*
County Cost of Project: \$609,500 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 219 (Kiernan Avenue) at SR 99 Structure Improvement

2006.161

51.25

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Salida
Lead Department: **Public Works/Roads and Traffic**

Reconstruct the structure of the interchange in accordance with the approved Project Study Report (PSR.) PW Priority: 4.

Start/Completion Year: 2012 - 2015 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$25,393,150 *If Checked below:*
County Cost of Project: \$25,393,150 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 33 at Crows Landing Road Traffic Signals

2002.326

5.72

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Crows Landing
Lead Department: **Public Works/Roads and Traffic**

Installation of traffic signals at Crows Landing Road and SR 33. Signal priority 9.

Start/Completion Year: 2021 - 2024 Reference Plan: PW-CIP
Other Stakeholders: Caltrans; Union Pacific Railroad

Total Project Cost (est.): \$2,584,368 *If Checked below:*
County Cost of Project: \$2,584,368 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

SR 99 at Faith Home Road Overcrossing Widening

2006.206

7.10

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Keyes
Lead Department: **Public Works/Roads and Traffic**

Widen the existing overcrossing of SR 99 at Faith Home Road to four lanes. Construction priority 11.

Start/Completion Year: 2020 - 2024 Reference Plan: PW-CIP
Other Stakeholders: Caltrans

Total Project Cost (est.): \$14,852,083 *If Checked below:*
County Cost of Project: \$9,901,884 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees, RTIF; Keyes Community Plan; Caltrans

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 99 at Hatch Road Overcrossing Improvements

2006.205

53.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Ceres
Lead Department: **Public Works/Roads and Traffic**

Widen the Hatch Road overcrossing structure at its intersection with SR 99. Construction priority 10.

Start/Completion Year: 2028 - 2032 Reference Plan: PW-CIP
Other Stakeholders: Caltrans; City of Ceres

Total Project Cost (est.): \$24,356,973 *If Checked below:*
County Cost of Project: \$12,178,487 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees; CC; Caltrans.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 99 at Keyes Road Interchange

2006.155

8.10

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Keyes
Lead Department: **Public Works/Roads and Traffic**

Widen the structure of Keyes Road over State Route 99. Public Works priority 12.

Start/Completion Year: 2019 - 2023 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$8,528,628 *If Checked below:*
County Cost of Project: \$8,528,628 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public facilities fees.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 99 at Keyes Road Traffic Signals

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Keyes
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of Keyes Road and the on/off ramps of SR 99. No structure modifications are anticipated. Signal Priority 10.

Start/Completion Year: 2021 - 2023 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,147,697 *If Checked below:*
County Cost of Project: \$1,073,849 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public facilities fess, CC; \$232,000 Keyes Community Plan; \$1,073,848 Caltrans

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

West Main Avenue at Faith Home Road Traffic Signals

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Turlock
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals and road widening at the intersection of Faith Home Road and West Main Avenue. Signal priority 14

Start/Completion Year: 2011 - 2013 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,038,811 *If Checked below:*
County Cost of Project: \$2,038,811 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

West Main Widening -- Phase 1

2006.052

54.10

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Turlock
Lead Department: **Public Works/Roads and Traffic**

Widen West Main Avenue between Washington Road and Mitchell Road to three lanes. Construction Priority: 8.

Start/Completion Year: 2011 - 2013 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,884,719 *If Checked below:*
County Cost of Project: \$1,884,719 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

West Main Widening -- Phase 2

2006.056

54.20

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Turlock
Lead Department: **Public Works/Roads and Traffic**

Widen West Main Street between Mitchell Road and Crows Landing to three lanes. Construction Priority: 13.

Start/Completion Year: 2014 - 2016 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,352,078 *If Checked below:*
County Cost of Project: \$2,352,078 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

West Main Widening -- Phase 3

2006.058

55.30

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Crows Landing
Lead Department: **Public Works/Roads and Traffic**

Widen West Main Avenue between Crows Landing to Carpenter to three lanes. Construction Priority: 14.

Start/Completion Year: 2016 - 2018 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$1,784,719 *If Checked below:*
County Cost of Project: \$1,784,719 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

West Main Widening -- Phase 4

2006.154

55.40

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Crows Landing
Lead Department: **Public Works/Roads and Traffic**

Widen West Main Avenue between Carpenter and San Joaquin River to three lanes. Construction Priority: 21.

Start/Completion Year: 2018 - 2020 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$2,452,078 *If Checked below:*
County Cost of Project: \$2,452,078 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Public Facilities Fees; RTIF.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Project Nbr.
2002.284
46.00

Interstate 5 at Sperry Road Interchange

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Patterson
Lead Department: **Public Works/Roads and Traffic**
Reconstruct Sperry Road interchange.

Start/Completion Year: 2010 - 2014 Reference Plan: Regional Transportation Plan, 2001
Other Stakeholders:

Total Project Cost (est.): \$27,000,000 *If Checked below:*
County Cost of Project: \$27,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$8,400,494 PFF-CC; \$400,000 CEQA; \$8,800,494 Caltrans

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Orestimba Creek Flood Control

2006.113
25.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Newman
Lead Department: **Public Works/Roads and Traffic**

Construction of a dry dam upstream of Newman to protect the area against flooding due to Orestimba Creek. Construction Priority: 1.

Start/Completion Year: 2008 - 2012 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$38,000,000 *If Checked below:*
County Cost of Project: \$3,750,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: \$3,750,000 County Bonds; \$19 million Army Corps; \$14,250,000 State DNR; \$1,000,000 TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: Current in the planning phase.

Road System Maintenance Program 2008

2006.164

34.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 4.

Start/Completion Year: 2007 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$8,700,000 *If Checked below:*
County Cost of Project: \$8,700,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42, 1/2 cent transportation sales tax funds and infrastructure bonds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2009

2006.165

35.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 5

Start/Completion Year: 2008 - 2009 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$8,700,000 *If Checked below:*
County Cost of Project: \$8,700,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42, 1/2 cent transportation sales tax funds and infrastructure bonds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2010

2006.166

36.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 6.

Start/Completion Year: 2009 - 2010 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$8,700,000 *If Checked below:*
County Cost of Project: \$8,700,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42, 1/2 cent transportation sales tax funds and infrastructure bonds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2011

2006.167

37.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 7

Start/Completion Year: 2010 - 2011 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$8,700,000 *If Checked below:*
County Cost of Project: \$8,700,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42, 1/2 cent transportation sales tax funds and infrastructure bonds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2012

2006.168

38.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 8.

Start/Completion Year: 2011 - 2012 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$8,700,000 *If Checked below:*
County Cost of Project: \$8,700,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42, 1/2 cent transportation sales tax funds and infrastructure bonds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2013

2006.169

39.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 9

Start/Completion Year: 2012 - 2013 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$5,500,000 *If Checked below:*
County Cost of Project: \$5,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42 and 1/2 cent transportation sales tax funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.

* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2014

2006.170

40.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 10.

Start/Completion Year: 2013 - 2014 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$5,000,000 *If Checked below:*
County Cost of Project: \$5,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42 and 1/2 cent transportation sales tax funds

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2015

2006.171

41.00

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 11.

Start/Completion Year: 2014 - 2015 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$3,500,000 *If Checked below:*
County Cost of Project: \$3,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42 and 1/2 cent transportation sales tax funds

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Road System Maintenance Program 2016

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Countywide
Lead Department: **Public Works/Roads and Traffic**

Annual contribution toward 10 year road maintenance program identified in the County's Pavement Management System (see Appendix C.) Actual roads to be determined by needs assessment. PW priority: 12.

Start/Completion Year: 2014 - 2015 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$3,500,000 *If Checked below:*
County Cost of Project: \$3,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Anticipated Proposition 42 and 1/2 cent transportation sales tax funds

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 219 (Kiernan Avenue) at Carver Road Traffic Signals

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of Carver Road and SR 219 (Kiernan Avenue). PW priority: 2

Start/Completion Year: 2006 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,629,925 *If Checked below:*
County Cost of Project: \$2,629,935 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 219 (Kiernan Avenue) at Tully Road Traffic Signals

2006.159

51.34

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Public Works/Roads and Traffic**

Install traffic signals at the intersection of SR 219 (Kiernan Avenue) and Tully Road. PW priority: 3.

Start/Completion Year: 2006 - 2008 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$2,629,925 *If Checked below:*
County Cost of Project: \$2,629,925 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 219 (Kiernan Avenue) Widening -- Phase 2

2006.173

51.30

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Public Works/Roads and Traffic**

Widen SR 219 (Kiernan Avenue) from Dale Road to McHenry Avenue (SR 108). Does not include the traffic signals at Carver and Tully Roads. Approximately 3 miles in length. PW priority: 9.

Start/Completion Year: 2014 - 2018 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$107,160,000 *If Checked below:*
County Cost of Project: \$107,160,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

SR 99 at Hammett Road Interchange

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Pending Analysis Location: Salida
Lead Department: **Public Works/Roads and Traffic**

Reconstruct the existing Hammett Road at SR 99 interchange to be in conformance with the project developed and approved by Caltrans in the Project Study Report (CIP Nbr. 2006.118). Construction priority 5.

Start/Completion Year: 2010 - 2014 Reference Plan: PW-CIP
Other Stakeholders:

Total Project Cost (est.): \$39,969,907 *If Checked below:*
County Cost of Project: \$39,969,907 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Purchase of 40-Foot CNG Busses 2007-2008

Board Priority: A well-planned infrastructure system
CIP Category: Pending Implementation Location: Countywide
Lead Department: **Public Works/Transit**

Purchase two 40 foot CNG powered busses.

Start/Completion Year: 2007 - 2008 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$700,000 *If Checked below:*
County Cost of Project: \$700,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Current in the planning phase.

Install Information Technology in Busses

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**

Install new information technology systems in transit busses.

Start/Completion Year: 2008 - 2009 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$200,000 *If Checked below:*
County Cost of Project: \$200,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

New Backup CNG Fuel Station Compressor **2006.232**

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Ceres
Lead Department: **Public Works/Transit**

Construct a new backup compressor for the existing CNG fuel station.

Start/Completion Year: 2007 - 2008 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Purchase of 40 foot CNG Bus 2010-2011

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Purchase 40 foot CNG bus.

Start/Completion Year: 2010 - 2011 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$400,000 *If Checked below:*
County Cost of Project: \$400,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Purchase of Bus Stop Facilities: 2008-2009

2002.263

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Purchase of ten bus stop facilities.

Start/Completion Year: 2008 - 2009 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$70,000 *If Checked below:*
County Cost of Project: \$70,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Current in the planning phase.

Purchase of Bus Stop Facilities: 2016-2017

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Purchase of ten bus stop facilities.

Start/Completion Year: 2016 - 2017 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$80,000 *If Checked below:*
County Cost of Project: \$80,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Purchase of Bus Stop Facilities: 2024-2025

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Purchase ten bus stop facilities.

Start/Completion Year: 2024 - 2025 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$85,000 *If Checked below:*
County Cost of Project: \$85,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Rebuild of Seven 40-Foot CNG Buses: 2013-2014

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Rebuild seven CNG buses.

Start/Completion Year: 2013 - 2014 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$875,000 *If Checked below:*
County Cost of Project: \$875,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Rebuild One 40-Foot CNG Bus: 2017-2018

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Rebuilt one 40-foot CNG transit bus.

Start/Completion Year: 2017 - 2018 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$150,000 *If Checked below:*
County Cost of Project: \$150,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit Funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.
Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Rebuild One 40-Foot CNG Bus: 2020-2021

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Rebuild one 40-foot CNG Transit bus.

Start/Completion Year: 2020 - 2021 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$175,000 *If Checked below:*
County Cost of Project: \$175,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Replace Seven 40-Foot CNG Busses: 2021-2022 **2006.229**

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Replace seven 40-Foot CNG busses.

Start/Completion Year: 2021 - 2022 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$3,500,000 *If Checked below:*
County Cost of Project: \$3,500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit fundd.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Replace Two 40 Foot CNG Busses: 2016-2017

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Replace two 40-foot CNG busses.

Start/Completion Year: 2016 - 2017 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$800,000 *If Checked below:*
County Cost of Project: \$800,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Replace Two 40-Foot CNG Busses: 2024-2025

Board Priority: A well-planned infrastructure system
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **Public Works/Transit**
Replace two 40-foot CNG busses.

Start/Completion Year: 2024 - 2025 Reference Plan: Transit CIP
Other Stakeholders:

Total Project Cost (est.): \$900,000 *If Checked below:*
County Cost of Project: \$900,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: State and Federal Transit funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Purchase of 40-Foot CNG Buses: 2008-2009

Board Priority: A well-planned infrastructure system
 CIP Category: Future Project/Pending Analysis Location: Countywide
 Lead Department: **Public Works/Transit**
 Purchase of two CNG buses.

Start/Completion Year: 2008 - 2009 Reference Plan:
 Other Stakeholders:

Total Project Cost (est.): \$400,000 *If Checked below:*
 County Cost of Project: \$400,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: State and Federal Transit funds.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
 Project Status:: Current in the planning phase.

Shackelford/Robertson Road Sewer Lateral Connection Program* **2006.133**

Board Priority: A well-planned infrastructure system
 CIP Category: Approved/Funded Location: West Modesto
 Lead Department: **Redevelopment Agency**

Financial assistance to property owners for relevant fee charges and construction costs associated with individual sewer laterals to a municipal sewer collection system.

Start/Completion Year: 2006 - 2020 Reference Plan: Consolidated Plan adopted 2002
 Other Stakeholders: Public Works, Env. Resources, Property Owners and City of Modesto

Total Project Cost (est.): \$4,200,000 *If Checked below:*
 County Cost of Project: \$0 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: RDA, CDBG and/or HOME budgets (ongoing until project completion)

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.
 Project Status:: Project is currently underway.

Stanislaus County

Striving to be the Best

Efficient delivery of
public services

COUNTY DEPARTMENTS

Assessor
Auditor-Controller
Chief Executive Office
Clerk of the Board
Clerk Recorder
County Counsel
General Services Agency
Strategic Business Technology
Treasurer-Tax Collector

EFFICIENT DELIVERY OF PUBLIC SERVICES

Introduction

The public expects government to be responsive to their needs and to conduct business efficiently. County departments provide services to a diverse customer base. To serve our customers effectively, we must understand what is important to our customers and how to improve our service. Customer feedback encourages County departments to remain focused on continuously improving how we serve our customers. Conducting business via the web is a convenient method for many of our residents. Providing services electronically recognizes this increasing trend and enhances the methods we use to serve the public. Improving the efficiency of our core services allows staff to increase their focus on streamlining services and enhancing quality. Electronic services and more efficient processes mean customers spend less time conducting business with us.

The Assessor is responsible for preparing an annual assessment roll for property tax revenues using fair, accurate and timely property valuations. The Auditor-Controller safeguards the County's resources and ensures its financial integrity through fiscal monitoring and reporting. The Board of Supervisors provides governing, administrative and legislative direction to County departments and determines the overall policies for Stanislaus County government. The Clerk of the Board maintains accurate County legislative records and provides customer access to those records. The Chief Executive Office provides overall management of County government including the management of County resources, long-range financial planning, and facilities and organizational planning. The C.A.R.E. Unit, a division of the Chief Executive Office, is responsible for organizational development including implementation of Board of Supervisors priorities, goals and measures, and supports employee learning to enhance skills and knowledge. The Risk Management Division of the Chief Executive Office manages the health, safety and well being of Stanislaus County employees through administration of Employee Benefits, Liability Claims/Insurance, Disabilities Management (workers' compensation), and Safety. The Clerk-Recorder processes all documents and records related to marriage licenses, certified copies of vital statistics, document filings and recording of real property; processes passports; and conducts civil wedding ceremonies. The Clerk-Recorder is also responsible for conducting elections and ensuring citizens have the opportunity to exercise their right to vote. County Counsel serves as the principle legal counsel for the Board of Supervisors and provides legal advice to all County offices, departments and commissions. The General Services Agency supports County departments through purchasing services for goods, contracts, leased property and equipment; through printing, bulk store, delivery, mailroom and messenger services; through maintenance and operation of all building systems and equipment; and through maintenance services for County vehicles. Strategic Business Technology support the technology and web-based needs of County departments by providing help desk and desktop support services, email services, technology security and County website services. The Treasurer-Tax Collector collects secured and unsecured property taxes, as well as other revenue, and issues various licenses including business licenses.

The following section lists those Capital Improvement Plan projects that support the Board of Supervisors' priority of "Efficient delivery of public services" based on the lead department assigned to each project. A summary of the projects by department is followed by a detailed listing of the individual project information, provided in implementation category order.

Specific information for any project may be located by referencing the indices provided in the back of this document.

12th Street Office Building & Parking Garage

Board Priority: Efficient delivery of public services
CIP Category: Approved/Funded Location: Modesto
Lead Department: **Chief Executive Office/Capital Projects**

Approx. 83,000 sq. ft., six-story public/private office building and 710 space parking structure at 12th Street between H and I Streets. Total project of \$20,888,797 includes private developer participation on 2 retail levels.

Start/Completion Year: 2002 - 2006 Reference Plan: Downtown Facilities Master Plan, 2001
Other Stakeholders: District Attorney, StanCERA, Private Retail

Total Project Cost (est.): \$20,888,797 *If Checked below:*
County Cost of Project: \$20,888,797 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Justice Public Facilities Fees; Courthouse Construction Trust Fund; Private; 2004 COP B

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project plan has been reviewed and approved by the Board of Supervisors.

Project Status:: Project is currently underway.

Gallo Center for the Arts

Board Priority: Efficient delivery of public services
CIP Category: Approved/Funded Location: Modesto
Lead Department: **Chief Executive Office/Capital Projects**

Approximately 83,000 sq. ft. center with a 1,200-seat mainstage and a 400-seat second stage, lobby, gallery. Public/private partnership for construction. Includes demolition of existing buildings and site preparation.

Start/Completion Year: 2001 - 2006 Reference Plan: Arts Center Program, CVCA
Other Stakeholders: Central Valley Center for the Arts

Total Project Cost (est.): \$34,889,799 *If Checked below:*
County Cost of Project: \$15,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Private contributions; 2004 COP A

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Project is currently underway.

Remodel of Paradise Medical Office

Board Priority: Efficient delivery of public services
CIP Category: Approved/Funded Location: West Modesto
Lead Department: **Chief Executive Office/Capital Projects**

Expand clinic area within Paradise Medical Office/West Modesto Community Center at 401 East Paradise Road in West Modesto.

Start/Completion Year: 2006 - 2007 Reference Plan: HSA Strategic Plan, 2005
Other Stakeholders: Health Services Agency; Community Services Agency; BHRS

Total Project Cost (est.): \$1,100,000 *If Checked below:*
County Cost of Project: \$1,100,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: One-time HSA funding for HSA Strategic Plan implementation

___ "x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: Project plan has been reviewed and approved by the Board of Supervisors.

Build-Out of District Attorney Expansion Space at 12th Street **2006.234**

Board Priority: Efficient delivery of public services
CIP Category: Pending Implementation Location: Modesto
Lead Department: **Chief Executive Office/Capital Projects**

Design and construct expansion space for the District Attorney office at the 5th floor of the 12th Street Office Building at 832 12th Street, Modesto. This space was planned for DA expansion within unimproved floor area on the 5th floor.

Start/Completion Year: 2007 - 2009 Reference Plan:
Other Stakeholders: District Attorney

Total Project Cost (est.): \$500,000 *If Checked below:*
County Cost of Project: \$500,000 ___ Full Funding has been identified for this project.
___ Board of Supervisors has approved funding of this project.
Source of Funds: Possible Public Facilities Fees; TBD

"x" indicates that the County cost of this project may be eligible for partial funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Waterford Partnership City-County Facility

Board Priority: Efficient delivery of public services
CIP Category: Pending Implementation Location: Waterford
Lead Department: **Chief Executive Office/Capital Projects**

Proposed joint City-County facility to house a new Library and Sheriff's East County Substation, Community Room and City of Waterford facilities (including Waterford Police contract services with Sheriff) in approx. 24,000 sq. ft. at a new site.

Start/Completion Year: 2005 - 2006 Reference Plan: Waterford City-County Facility Program
Other Stakeholders: Sheriff, Library, City of Waterford

Total Project Cost (est.): \$5,185,000 *If Checked below:*
County Cost of Project: \$2,600,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: Tobacco Settlement funds; County would incur debt and would make annual debt payment for a portion of this cost.

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Relocation of Superior Court Department 16

2006.002

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Modesto
Lead Department: **Chief Executive Office/Capital Projects**

Remodel the Modesto Main Courthouse for relocation of Superior Court Department 16 courtroom, chambers and supporting space to provide one new courtroom within the secure area of the Main Courthouse facility.

Start/Completion Year: 2006 - 2008 Reference Plan:
Other Stakeholders: Superior Court of California, Stanislaus County

Total Project Cost (est.): \$1,200,000 *If Checked below:*
County Cost of Project: \$1,200,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds: To be determined

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Relocation of Services From County Center II

Board Priority: Efficient delivery of public services

Total Project Cost (est.): \$20,000,000 *If Checked below:*
County Cost of Project: \$20,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: To be determined

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Project plan currently being developed and pending approval by Board.

Underground Utilities at 12th Street Office/Parking Garage **2006.126**

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Chief Executive Office/Capital Projects**

Underground existing overhead utilities along alley between 12th and 13th Street, H and I Streets in Modesto adjacent to the 12t Street Office Building and Parking Garage.

Start/Completion Year: 2006 - 2008 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$750,000 *If Checked below:*
County Cost of Project: \$750,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: To be determined

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Information Technology Strategy Implementation

Board Priority: Efficient delivery of public services
 CIP Category: Future Project/Master Planned Location: Countywide
 Lead Department: **Chief Executive Office/Public Information**

This project will implement technology initiatives per the Information Technology Strategic Plan for enhancing County services and productivity.

Start/Completion Year: 2003 - 2006 Reference Plan: Information Technology Strategic Plan, 2000
 Other Stakeholders:

Total Project Cost (est.): \$9,700,000 *If Checked below:*
 County Cost of Project: \$9,700,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: Departmental funds

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Clerk-Recorder Office Remodel at 1021 I Street (former Bank of Ameri 2002.107

Board Priority: Efficient delivery of public services
 CIP Category: Pending Implementation Location: Modesto
 Lead Department: **Clerk-Recorder**

Redesign layout of Clerk-Recorder and Elections office space within the former Bank of America Building (1021 I Street, Modesto.)

Start/Completion Year: 2006 - 2006 Reference Plan:
 Other Stakeholders:

Total Project Cost (est.): \$50,000 *If Checked below:*
 County Cost of Project: \$50,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
 Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
 * Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
 Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.

Project Status:: Current in the planning phase.

Elections Warehouse/Office Improvements

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Pending Analysis Location: Modesto
Lead Department: **Clerk-Recorder**

Update security and efficiency of Elections warehouse operations.

Start/Completion Year: 2006 - 2007 Reference Plan:
Other Stakeholders: Elections Division

Total Project Cost (est.): \$50,000 *If Checked below:*
County Cost of Project: \$50,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: TBD

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request which will be studied to determine its need and feasibility prior to proceeding.
Project Status:: Current in the planning phase.

Building Maintenance Deferred Maintenance Schedule 2007 **2006.215**

Board Priority: Efficient delivery of public services
CIP Category: Approved/Funded Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2006 - 2007 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$500,000 *If Checked below:*
County Cost of Project: \$500,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.
Source of Funds: GSA-Building Maintenance budget

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: Project budget has been reviewed and approved by the Board of Supervisors.

Project Approval Status: Project concept has been reviewed and approved by the Board of Supervisors.
Project Status:: Project is currently underway.

Building Maintenance Deferred Maintenance Schedule 2008

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2007 - 2008 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Building Maintenance Deferred Maintenance Schedule 2009

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2008 - 2009 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Building Maintenance Deferred Maintenance Schedule 2010

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2009 - 2010 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Building Maintenance Deferred Maintenance Schedule 2011

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2010 - 2011 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Building Maintenance Deferred Maintenance Schedule 2012

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2011 - 2012 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: This is a specific project implementation plan to a previously Board-approved master plan. Board review of the specific plan, budget and funding is required prior to proceeding.

Building Maintenance Deferred Maintenance Schedule 2013

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2012 - 2013 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Building Maintenance Deferred Maintenance Schedule 2014

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2013 - 2014 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Building Maintenance Deferred Maintenance Schedule 2015

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2014 - 2015 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.
Budget Approval Status: This request will be studied to determine its funding sources prior to proceeding.

Project Approval Status: This is a new request to be considered by the Board of Supervisors.

Project Status:: Current in the planning phase.

Building Maintenance Deferred Maintenance Schedule 2016

Board Priority: Efficient delivery of public services
CIP Category: Future Project/Master Planned Location: Countywide
Lead Department: **General Services/Building Maintenance**

Annual contribution toward deferred maintenance projects prioritized in Appendix A, Deferred Maintenance Project list.

Start/Completion Year: 2015 - 2016 Reference Plan:
Other Stakeholders:

Total Project Cost (est.): \$1,000,000 *If Checked below:*
County Cost of Project: \$1,000,000 Full Funding has been identified for this project.
 Board of Supervisors has approved funding of this project.

Source of Funds:

"x" indicates that the County cost of this project may be eligible for patrially funding using of Public Facilities Fees.
* Project titles indicated with an asterisk (*) are a request for a County funding contribution to a joint public project effort.

Capital Improvement Projects Eligible For Use of Public Facilities Fees (PFF) Funds

The following projects are identified as eligible for full or partial funding by use of Stanislaus County Public Facilities Fees (PFF). To the extent that they are eligible for PFF funding, these projects include the expansion of existing County-provided services to new population growth. Some of these projects may also include replacement or renovation of existing facilities that is not eligible for use of PFF funding. Please refer to the Stanislaus County Public Facilities Plan Update, Final Report, Adopted by the Board of Supervisors on February 4, 2003.

Projects are listed by "lead department" (the department primarily responsible for directing the project), then by categorization within the Capital Improvement Plan (Approved/Funded; Pending Implementation; Future Master Planned; etc.); and finally by year of implementation.

DEFERRED MAINTENANCE HIGH-PRIORITY PROJECTS FISCAL YEAR 2006-2007

Priority	Building Name	Description	Amount	FY Due
1	Sheriff's Operations Center	Elevators Safety Repair Upgrade	\$7,000.00	2006
1	Coroner	Overlay Flat Roof Areas	\$12,000.00	2006
1	Coroner	Exterior Painting	\$35,000.00	2006
1	Honor Farm	Exterior Painting Safety Non-Skid Surface on Ramps	\$5,000.00	2005
1	Honor Farm	Replace domestic water pump, controls and fence	\$40,000.00	2004
1	Downtown Men's Jail	Replace hot water heaters	\$60,000.00	2005
1	Downtown Men's Jail	Re-roof	\$70,000.00	2005
1	Animal Services	Replace Freezer Coil/Condensing Unit	\$10,000.00	2005
1	Animal Services	Re-roof	\$44,500.00	2004
1	Ag. Center (Bldg. A) Stanislaus Bldg.	Elevator Safety Single Bottom Cylinders (1 ea.)	\$30,000.00	2004
2	Sheriff's Operations Center	Overlay roof	\$21,000.00	2006
2	Coroner	Replace Package HVAC Unit & Controls	\$15,000.00	2006
2	Modesto Main Library	Install Novar Energy Management System	\$60,000.00	2002
2	Oakdale Branch Library	Install Novar Energy Management System	\$15,000.00	2005
2	Admin. Annex IV (Old B of A)	Replace Storefront Doors	\$20,000.00	2005
2	Admin. Annex IV (Old B of A)	Re-roof	\$100,000.00	2002
3	Juvenile Justice Center	Replace Air Handlers	\$500,000.00	2004
3	Sheriff's Operations Center	Overhaul Circulation Pumps	\$10,000.00	2002
3	Public Safety Center	Replace Hot Water Heaters	\$20,000.00	2004
3	Public Safety Center	Overhaul Exhaust Fans	\$20,000.00	2006
3	Public Safety Center	Overlay Roofing	\$267,000.00	2006
4	Public Safety Center	Replace Circulation Pumps	\$70,000.00	2005
4	Public Safety Center	Overhaul Chiller "I" Pod Unit 2	\$80,000.00	2003
5	Sheriff's Operations Center	Replace hot water heaters 2ea.	\$5,000.00	2004
5	Public Safety Center	Exterior Painting	\$40,000.00	2005
6	Juvenile Justice Center	Re-carpet High Traffic Areas	\$61,000.00	2005

TOTAL PRIORITY MAINTENANCE \$1,617,500.00

10	Turlock Branch Library	Replace Hot Water Heaters	\$500.00	2004
10	Turlock Branch Library	Paint Exterior of Building	\$5,000.00	2004
10	Turlock Branch Library	Replace Vinyl Floor Covering	\$12,000.00	2004
10	Turlock Branch Library	Replace A/C Units	\$30,000.00	2005
10	Turlock Branch Library	Energy Saving Lighting Project	\$30,000.00	2008
10	Turlock Branch Library	Re-Roof	\$50,000.00	2007
TOTAL PRIORITY 10			\$20,725,900.00	

GRAND TOTAL \$32,771,766.00

APPENDIX C

**Stanislaus County
Capital Improvement Plan Project List
Fiscal Year 2006-2007**

PUBLIC WORKS MAINTENANCE PROGRAMS

The Capital Improvement Plan includes several on-going road and related infrastructure maintenance programs. The County’s Public Works Department annually reviews and prioritizes the needs for various maintenance activities throughout the County roadway network and identifies specific areas for regular maintenance.

Maintenance needs for County roadways are calculated according to usage (traffic volumes) and road materials and age. This data is maintained in a database that is used to forecast maintenance needs over the next ten years.

By contrast, the Capital Improvement Plan project list includes a “project” in each of the next ten years to fund each maintenance program. The anticipated funding level for each program (provided in the CIP project list detail) may differ from the needs lists in this appendix depending on the anticipated availability of funds.

The programs include:

Resurfacing Program: This project includes the placement of an asphalt overlay or a rubberized chip seal on approximately ten miles of County roads each year. The specific road projects are reviewed and prioritized annually. Funding is generally provided by County Road funds and the Road Surface Transportation Improvement Plan (RSTIP). Each of these projects is listed as an annual contribution in the CIP project list for each year 2007 through 2016.

Resurfacing Program

	Total	CIP Project
Prior Years*	4,733,219	4,733,219
2006-2007	1,817,681	1,817,681
2007-2008	1,816,480	1,816,480
2008-2009	1,816,480	1,816,480
2009-2010	1,816,480	1,816,480
Total	12,000,340	12,000,340

* Work continuing through 2006.

Road Maintenance–Grinding Program: The grinding program involves reconstruction of asphalt roadways by grinding the surface and re-laying the material in a smooth surface over the existing road base (as opposed to laying a new asphalt layer.) Like the resurfacing program, the specific road projects are reviewed and prioritized annually. Funding is generally provided by County Road funds. Each of these projects is listed as an annual contribution in the CIP project list for each year 2007 through 2016.

Road Maintenance-Grinding Program

	Total	CIP Project
2006-2007	100,000	100,000
2007-2008	105,000	105,000
2008-2009	110,250	110,250
2009-2010	115,762	115,762
2010-2011	121,551	121,551
2011-2012	127,628	127,628
2012-2013	134,010	134,010
2013-2014	140,710	140,710
2014-2015	147,746	147,746
2015-2016	155,133	155,133
Total	1,257,790	1,257,790

Road Maintenance–Asphalt Paving By Local Forces Program: This project includes the placement of new asphalt over approximately six miles of County roads each year. The specific road projects are reviewed and prioritized annually. Funding is generally provided by County Road funds. Each of these projects is listed as an annual contribution in the CIP project list for each year 2007 through 2016.

**Road Maintenance
Asphalt Paving By Local Forces**

	Total	CIP Project
2006-2007	400,000	400,000
2007-2008	420,000	420,000
2008-2009	441,000	441,000
2009-2010	463,050	463,050
2010-2011	486,202	486,202
2011-2012	510,513	510,513
2012-2013	536,038	536,038
2013-2014	562,840	562,840
2014-2015	590,982	590,982
2015-2016	620,531	620,531
Total	5,031,156	5,031,156

Road System Maintenance Program: The costs identified in the Road System Maintenance Program were taken from the “Pavement Management System” report completed in 2003. Nichols Consulting Engineers, Chtd. (NCE) contracted with Stanislaus County and associated cities to implement the Pavement Management System (PMS).

NCE sectionalized approximately 1,519 centerline miles of Stanislaus County’s arterial, collector, and residential streets and collected pavement condition distress data on the pavements. Then, NCE entered road section inventory, distress data and maintenance and rehabilitation history into the PMS, performed pavement condition index calculations, and produced budget needs, budget scenarios, and other related PMS reports. Prior to the budget

analysis, NCE reviewed and updated the maintenance and rehabilitation decision trees with each jurisdiction.

The PMS is designed for network level management that includes:

- ◆ Identifying pavement maintenance and rehabilitation fund needs;
- ◆ Prioritizing projects for maintenance and rehabilitation; and
- ◆ Selecting candidate projects.

Detailed information on Road System Maintenance Program costs are available in the Pavement Management System Report located with Stanislaus County Public Works.

The PMS includes projects having a total estimated cost of approximately \$400 million over the period 2006-2016.

The Capital Improvement Plan identifies annual contributions toward the completion of the PMS projects, but does not fully fund the entire list of needs. Specific projects will be reviewed and selected annually based on road conditions and County priorities existing at that time.

The following table lists the total cost of the requested Road System Maintenance program for each of the next ten fiscal years, and the amount listed in the Capital Improvement Plan project list. The CIP project list amount is based on assumed funding using State Proposition 42 funds, sale of infrastructure bonds and the local voter passage of a transportation sales tax measure.

Road System Maintenance Program		
	Total Requested Need	CIP Project
2006-2007	65,000,000	-
2007-2008	65,000,000	8,700,000
2008-2009	65,000,000	8,700,000
2009-2010	60,000,000	8,700,000
2010-2011	60,000,000	8,700,000
2011-2012	60,000,000	8,700,000
2012-2013	7,000,000	5,500,000
2013-2014	5,000,000	5,000,000
2014-2015	3,500,000	3,500,000
2015-2016	3,500,000	3,500,000
Total	394,000,000	61,000,000

Road Maintenance–Resurfacing By Local Forces Program: This project includes the placement of a slurry or a rubberized chip seal on approximately five miles of County roads each year. The specific road projects are reviewed and prioritized annually. Funding is generally provided by County Road funds. Each of these projects is listed as an annual contribution in the CIP project list for each year 2007 through 2016.

**Road Maintenance
Resurfacing By Local Forces**

	Total	CIP Project
2006-2007	125,000	125,000
2007-2008	131,250	131,250
2008-2009	137,812	137,812
2009-2010	144,703	144,703
2010-2011	151,938	151,938
2011-2012	159,535	159,535
2012-2013	167,512	167,512
2013-2014	175,888	175,888
2014-2015	184,682	184,682
2015-2016	193,916	193,916
Total	1,572,236	1,572,236

Road Maintenance–Miscellaneous By Local Forces: This project includes drainage, patching, crack seal, tree maintenance, mowing, vegetation control, grading, shoulder repair, traffic striping, pavement markings/legends, bridge maintenance pump maintenance and street sweeping by local forces. Funding is generally provided by County Road funds. Each of these projects is listed as an annual contribution in the CIP project list for each year 2007 through 2016.
