Tentative CDO) to Turtle Rock 29 Homeowners Association¹ (Discharger) regarding the Turtle Rock Estates Subdivision Wastewater Collection, Treatment and Disposal System² (Facility), which is currently regulated under WDRs Order R7-2006-0036 (WDRs Order). The Tentative Order describes multiple violations of the WDRs Order; and requires immediate compliance with the WDRs Order, as well as other relevant deliverables (e.g., submittal of technical reports).

The Colorado River Basin Water Board has scheduled a hearing to consider issuance of the Tentative Order at its upcoming public meeting on **October 15, 2024**. The hearing will be conducted in-person in the Boardroom at the Board's office in Palm Desert, California, with an option for remote participation via the Zoom videoconferencing platform. In accordance with the Bagley-Keene Open Meeting Act (Gov. Code, § 11120 et seq.), an agenda will be posted to the [Board's website](https://www.waterboards.ca.gov/coloradoriver/board_info/agenda/) (https://www.waterboards.ca.gov/coloradoriver/board_info/agenda/) at least 10 days in advance of the meeting.

At the hearing, the Colorado River Basin Water Board members will receive testimony regarding the alleged violations. At the hearing, the Board may: (a) issue the Tentative Order as a CDO, with or without modifications; (b) decline to issue the Tentative Order; or (c) continue the hearing to a later date.

Adoption of Hearing Procedure

Attached to this Notice is the adopted Hearing Procedure dated July 16, 2024, which governs the conduct of proceedings related to consideration of the Tentative Order. For the purposes of California Code of Regulations, title 23, section 648 et seq., the adopted Hearing Procedure (including any subsequent revisions thereto) shall be incorporated as part of this Notice.

¹ The 2006 WDRs Order was originally issued to Penca Capital, Inc. and Turtle Rock In 29, LLC. It is anticipated that regulatory coverage will be transferred to the Discharger prior to the hearing.

² The Facility is located at approximately 5141 Verenda Avenue, Twentynine Palms, California 92277.

Opportunity for Public Participation

The Colorado River Basin Water Board will consider written comments submitted by members of the public that are interested in the pending matter (Interested Persons). The parties to the proceeding will be permitted to submit formal written responses to Interested Person written comments. To allow for this, all written comments shall be submitted as early as possible, and in no case later than **5:00 pm on September 17, 2024**.

Interested Persons will also be provided the opportunity to orally present general policy statements to the Colorado River Basin Water Board members at the hearing. Such statements will generally be limited to **3 minutes** per Interested Person, though the Board may grant additional time upon request. Interested Persons do not need to submit written statements in order to speak at the hearing.

Unless they are formally recognized as a “Designated Party” per the Hearing Procedure, Interested Persons are not parties entitled to directly participate in the proceeding, except as provided above. Interested Persons will not be permitted to present evidence (e.g., photos, eyewitness testimony, etc.). They are also not subject to cross-examination. Although the Board will consider oral and written comments from Interested Persons on matters of general policy, such comments are not admissible as evidence.

Designated Parties

Parties to be designated in accordance with **Section E** herein.

C. Ex Parte Contacts Prohibited

To maintain the Colorado River Basin Water Board's impartiality, ex parte contacts are prohibited. (See, e.g., Gov. Code, § 11430.10 et seq.) Ex parte contacts are those communications that are directed at the Colorado River Basin Water Board members or the Advisory Team members, regarding the pending matter, and which are not communicated in a manner open to all other persons. Communications regarding non-controversial procedural matters are not considered ex parte contacts, and are therefore not restricted under this Hearing Procedure.

To avoid ex parte contacts in pre-hearing communications, the Discharger's representatives should ensure that the Prosecution Team is copied on all written and email correspondence directed to the Advisory Team, and *vice-versa*.

D. Interested Persons (Non-Parties)

The Colorado River Basin Water Board will consider written comments submitted by members of the public that are interested in the pending matter (Interested Persons). The parties to the proceeding will be permitted to submit formal written responses to Interested Person written comments. To allow for such responses, all written comments shall be submitted as early as possible, and in no case later than 5:00 pm on **September 17, 2024**.

Interested Persons will also be provided the opportunity to orally present general policy statements to the Colorado River Basin Water Board at the hearing. Such statements will be limited to **3 minutes** per Interested Person for this hearing, though the Board Chair may grant additional time on a case-by-case basis. Interested Persons do not need to submit written statements in order to speak at the hearing.

Unless they are formally recognized as a "Designated Party" per the Hearing Procedure, Interested Persons are not parties entitled to directly participate in the proceeding, except as provided above. Interested Persons will not be permitted to present evidence (e.g., photos, eyewitness testimony, etc.). They are also not subject to cross-examination, but may be asked to respond to clarifying questions from the Colorado River Basin Water Board or the Advisory Team. Although the Board will consider oral and written comments from Interested Persons on matters of general policy, such comments are not admissible as evidence.

E. Applications for “Designated Party” Status

By default, the only parties to an adjudicative enforcement proceeding are: (1) the Prosecution Team; and (2) the Dischargers named in the proposed order. (See Gov. Code, § 11405.60; Title 23, § 648.1, subd. (a).) In some circumstances, however, it may be appropriate for certain Interested Persons to participate directly in the proceeding as a “Designated Party.” (Gov. Code, § 11440.50, Title 23, § 648.1, subd. (a).) Such determinations shall be made discretionarily on a case-by-case basis by the Executive Officer, at the direction of the Board Chair.

To request “Designated Party” status, Interested Persons must submit a written request to the Advisory Team no later than 5:00 pm on **September 3, 2024**. The written request must include the following information:

- (1) An explanation of how the issues to be addressed at the hearing substantially affect the person requesting Designated Party status (Applicant);
- (2) Why the Applicant believes that the Prosecution Team and Discharger(s) will not adequately represent their interests;
- (3) A summary of the evidence that the Applicant seeks to present at the hearing, including whether they seek to present their own witness testimony; and
- (4) Whether the Applicant seeks to cross-examine the other parties’ witnesses.

The Advisory Team will promptly respond to all timely written requests for Designated Party status. The Advisory Team may request further information before the determination is made. A request for Designated Party status shall not be granted if, in the totality of circumstances, it appears that such designation will impair the interests of justice and the orderly and prompt conduct of the proceeding. The Executive Officer, at the direction of the Board Chair, may impose restrictions on the requestor’s hearing participation, including limiting or excluding the use of cross-examination and other procedures to promote the orderly and prompt conduct of the proceeding. (Gov. Code, § 11440.50, subd. (c).)

In the event that “Designated Party” status is granted, this Hearing Procedure may be revised as appropriate.

F. Pre-Hearing Submittals

To avoid the introduction of surprise testimony and exhibits (Title 23, § 648.4, subd. (a)), and to minimize the need for oral argument and testimony at the hearing, this Hearing Procedure requires the parties to submit documentary evidence (§ 648.4, subd. (c)),

witness information (§ 648.4, subd. (b)), and legal/technical memoranda to the Advisory Team prior to the hearing. Absent a showing of good cause and lack of prejudice to the parties, the Board Chair may exclude materials that are not submitted in accordance with this Hearing Procedure. Excluded materials will not be considered by the Board. (§ 648.4, subd. (e).)

1. Electronic Submittals to Advisory Team [All Parties]

All pre-hearing submittals and rebuttals to the Advisory Team under this Hearing Procedure shall occur electronically via [File Transfer Protocol](https://ftp.waterboards.ca.gov/WebInterface/login.html) (FTP) (<https://ftp.waterboards.ca.gov/WebInterface/login.html>), except as otherwise provided below. Parties may obtain FTP log-in information from the Advisory Team.

Once a party has uploaded its materials to the FTP site, the party shall notify the Advisory Team and other parties via email, and identify each of the files that have been uploaded.

Exhibits shall be uploaded as sequentially numbered pdf files with file names in all lower case, and following the naming conventions set forth below:

Prosecution Team: **turtle_rock_cdo_pt_exh_###.pdf**

Dischargers: **turtle_rock_cdo_disch_exh_###.pdf**

In the event that there are additional Designated Parties participating in the proceeding, the Advisory Team will provide additional instructions regarding file naming.

To the extent possible, all materials shall be submitted as a printable PDF. Additionally, the parties shall add a header to each page that clearly indicates: (1) the submitting party; and (2) the document title.⁴

2. Submittal Index [All Parties]

Except as otherwise expressly provided below, each pre-hearing submittal shall be accompanied by a table listing each document included as part of the submittal. The

⁴ Compliance will not be required if the party lacks the necessary PDF software to add new header content, or if it would otherwise be impracticable to do so. Users of Adobe Acrobat software, may refer to these instructions: <https://helpx.adobe.com/acrobat/using/add-headers-footers-pdfs.html>.

table shall include the following columns: *Document Title*; *Exhibit Number*; *Exhibit Date* (i.e., when the document was generated); and *File Name*.

3. Prosecution Team Submittals

No later than 5:00 pm on **September 3, 2024**, the Prosecution Team shall submit the following materials to the Advisory Team:

- (1) All documentary evidence supporting adoption of the proposed order, with each document separately designated as sequentially numbered exhibit (i.e., Exhibit 1, Exhibit 2, Exhibit 3, etc.). Each finding in the proposed order shall be supported by exhibits and/or witness testimony to be offered at the hearing.
- (2) [OPTIONAL] A memorandum articulating the Prosecution Team's legal arguments and technical analyses in support of the proposed order.
- (3) A Witness Information Sheet containing the name of each witness the Prosecution Team intends to call to testify at the hearing; the subject matter of their testimony and the estimated time required for each witness. If any of the proposed witnesses will be testifying as an expert (see Evid. Code, § 800 et seq.), the memorandum shall also include the witnesses' qualifications as an expert.

4. Discharger and Designated Party Submittals

No later than 5:00 pm on **September 24, 2024**, the Discharger and any Designated Parties shall submit the following materials to the Advisory Team:

- (1) Any additional documentary evidence that supports the submitting party's position with respect to the proposed order. These materials shall be separately designated as sequentially-numbered exhibits, starting with "Exhibit 1."
- (2) [OPTIONAL] A memorandum articulating the submitting party's legal arguments and technical analyses in support of their position(s) with respect to the proposed order.
- (3) A Witness Information Sheet containing the name of each witness the submitting party intends to call to testify at the hearing; the subject matter of their testimony and the estimated time required for each witness. If any of the proposed witnesses will be testifying as an expert (see Evid. Code, § 800 et seq.), the memorandum shall also include the witnesses' qualifications as an expert.

5. Rebuttal Evidence [All Parties; Optional]

Notwithstanding the pre-hearing evidence submission deadlines specified above, the parties will be permitted to introduce additional evidence necessary to disprove or contradict evidence submitted by another party (Rebuttal Evidence).

By default, subdivision (f) of Title 23, section 648.4 permits parties to introduce Rebuttal Evidence for the first time during the hearing. However, the Hearing Procedure may waive this provision and require pre-submission of Rebuttal Evidence (Title 23, § 648, subd. (d).)

To maintain fairness, ensure orderly conduct of the proceeding, and avoid “surprise evidence” (see Title 23, § 648.4, subd. (a)), this Hearing Procedure requires that Rebuttal Evidence be submitted to the Advisory Team and other parties no later than 5:00 pm on **October 8, 2024**. The requirement to submit rebuttal evidence in advance of the hearing applies only to rebut timely-submitted written evidence; the Parties will have the opportunity to rebut oral testimony submitted at the hearing.

6. Responses to Interested Party Written Comments [All Parties; Optional]

The parties may elect to submit written responses to written comments from Interested Persons. All such responses must be submitted to the Advisory Team no later than 5:00 pm on **October 1, 2024**. This submittal may occur via email and need not be accompanied by an updated index table. In lieu of a written response, the parties may also address such comments at the hearing.

7. Summary Agenda Sheet [Advisory Team]

Prior to the hearing, the Advisory Team shall prepare a Summary Agenda Sheet summarizing the ongoing controversies involved in the proceeding, and the positions taken by each of the other parties. Once finalized, the Summary Agenda Sheet will be sent to the parties via email.

8. Revised Tentative Order [All Parties, Optional]

Prior to the hearing, the parties may submit, for Advisory Team review, a Revised Tentative Order incorporating any evidence that was submitted following issuance of the original. This submittal may occur via email and need not be accompanied by an updated index table. The Revised Tentative Order shall be submitted both as a Microsoft Word file and as a PDF.

9. Presentation Slides [All Parties; Mandatory If Slides Are Used]

No later than 5:00 pm on **October 11, 2024**, the parties shall provide the Advisory Team with their presentation slides for use at the hearing, as a PowerPoint file (or similar format) and PDF printout (for inclusion in the administrative record). This submittal may occur via email and need not be accompanied by an updated index table. If the party does not intend to present slides at the hearing, no submittals are required from the party.

G. Conduct of Hearing

1. Hearing Time Limits

“Adjudicative proceedings shall be conducted in a manner ... deem[ed] most suitable to the particular case with a view toward securing relevant information expeditiously without unnecessary delay and expense to the parties and to the Board.” (Title 23, § 648.5, subd. (a).) To that end, it has been determined that the following time limits shall apply to the Parties at the hearing.

Prosecution Team:	20 Minutes
Dischargers:	20 Minutes
Designated Parties [<i>if any</i>]:	10 Minutes

The above time limits are based on the Advisory Team’s review of the allegations within the Tentative Order, and based on experience in similar enforcement proceedings, and any input from the parties.

The parties may allocate their allotted time as they see fit between presenting evidence and testimony, cross-examining adverse witnesses, and making a closing statement. Discussions on procedural issues will not count against the parties’ allotments. A timer will be used to track how much time has elapsed. This timer will be paused during Board questions and party responses to Board questions. Additional time may be provided at the discretion of the Board Chair (at the hearing), upon a showing that additional time is necessary.

2. Witness Testimony

At the hearing, witness testimony shall be limited to those subjects previously specified in the party’s Witness Information Sheet (see above). Upon request, the Board may

permit testimony on additional subjects, provided that it will not result in undue prejudice to the other parties.

All witnesses who have submitted written testimony shall be available to appear during the hearing (to affirm that the testimony is true and correct), and shall be subject for cross-examination. The failure of a witness to be available during the hearing may result in the submitted testimony being treated as hearsay. (Title 23, § 648.4, subds. (d)-(e).)

All persons intending to testify at the hearing shall take the oath administered by the presiding officer. (Gov. Code, § 11513; Cal. Code Regs., tit. 23, § 648.5, subd. (a)(3).)

3. Rules of Evidence

The proceeding shall be conducted in accordance with the provisions and rules of evidence set forth in Government Code section 11513. Hearsay shall be admissible as evidence, subject to the provisions of Government Code section 11513. Evidence already in the Colorado River Basin Water Board's files may be submitted by reference if the location of the evidence is clearly identified. (Cal. Code Regs., tit. 23, § 648.3.)

4. Presentations

Slide presentations (e.g., PowerPoint) may be used at the hearing, provided their contents do not exceed the scope of previously submitted material. Colorado River Basin Water Board administrative staff will be running the presentation at the party's direction.

H. Requests for Extensions

Parties may request the extension of any deadline specified in this Hearing Procedure. Such requests shall be made via email to the Advisory Team, with the other parties copied on the email. The granting or denial of a request shall be exclusively within the discretion of the Executive Officer, at the direction of the Board Chair.

I. Modifications to Hearing Procedure

This Hearing Procedure may be revised by the Board Chair after appropriate notice and opportunity to be heard. For the purposes of this section, the extension of a deadline shall not be construed as a revision to the Hearing Procedure.

J. Communication via Email

To the extent practicable, all communications between the parties prior to the hearing shall occur via email, per the email addresses listed in **Section B**. The Dischargers, Designated Parties (if any) and the Prosecution Team are encouraged to communicate in whatever manner they determine to be most conducive to the expeditious resolution of this matter.

At a minimum, all emails to the Prosecution Team shall include **Prosecution Team attorneys**, who shall serve as the primary points of contact for the Prosecution Team (i.e., in lieu of including all members on the email). Alternatively, the parties may elect to include each Prosecution Team member on each email.

All emails to the Advisory Team shall be directed to the Advisory Team attorney, who shall serve as the primary point of contact for the Advisory Team; the parties may elect to include other members of the Advisory Team as well. See **Section C** for prohibition on ex parte contacts.

Samir Maldonado shall serve as the principal point of contact and agent for the Discharger.
